2022-23

The Laws of Cricket – The Preamble – The Spirit of Cricket

Cricket owes much of its appeal and enjoyment to the fact that it should be played not only according to the Laws, but also within the Spirit of Cricket.

The major responsibility for ensuring fair play rests with the captains, but extends to all players, umpires and, especially in junior cricket, teachers, coaches and parents.

- Respect is central to the Spirit of Cricket:
- Respect your captain, team-mates, opponents and the authority of the umpires.
- Play hard and play fair.
- Accept the umpire's decision.
- Create a positive atmosphere by your own conduct and encourage others to do likewise.
- Show self-discipline, even when things go against you.
- Congratulate the opposition on their successes and enjoy those of your own team.
- Thank the officials and your opposition at the end of the match, whatever the result.

Cricket is an exciting game that encourages leadership, friendship and teamwork, which brings together people from different nationalities, cultures and religions, especially when played within the Spirit of Cricket.

The players, umpires and scorers in a game of cricket may be of any gender, and the Laws apply equally. The use, throughout the text, of pronouns expressing a binary he/she is as inclusive as practicable, whilst retaining clarity. Except where specifically stated otherwise.

FIRST CLASS PLAYING CONDITIONS

Conditions of play for domestic First Class matches in New Zealand

Except as specially provided for hereafter, the 2017 Code of the Laws of Cricket shall apply in all matches.

1. LAW 1- THE PLAYERS

Law 1 shall apply.

2. LAW 2- THE UMPIRES

Law 2 shall apply subject to the following:

2.1 Law 2.1 - Appointment and attendance

NZC will appoint two umpires for each first class and limited over match. NZC will appoint a TV umpire to each match which is being televised. Neither team will have the right of objection to an umpire appointment.

2.2 Third Umpire / TV Replays General

2.2.1 In each televised match the host Association will ensure a separate room is provided for the TV umpire and that they have access to a television monitor and direct sound link with the television control unit director to facilitate as many replays as is necessary to assist in making a decision.

2.2.2 The TV umpire shall call for as many replays from any camera angle as is necessary to reach a decision.

2.2.3 The on-field umpire has the discretion whether to call for a TV replay or not and should take a commonsense approach. Players may not appeal to the umpire to use the replay system – breach of this provision would constitute dissent and the player could be liable for discipline under the NZC Code of Conduct.

2.3 Fitness for Play and Suspension of Play

Laws 2.7 and 2.8 shall apply and in addition:

2.3.1 If circumstances are warranted, the umpires shall stop play and instruct the Turf Manager to take whatever action they can and use whatever equipment is necessary to remove as much dew as possible from the outfield when conditions become unreasonable or dangerous. The umpires may also instruct

the Turf Manager to take such action during scheduled or unscheduled breaks in play.

- 2.3.2 The umpires shall disregard any shadow on the pitch from the stadium or from any permanent object on the ground.
- 2.3.3 If play is in progress up to the start of an agreed interval then it will resume after the interval unless the umpires together agree that the conditions of ground, weather or light are so bad that there is actual and foreseeable risk to the safety of any player or umpire, so that it would be unreasonable or dangerous for play to take place.
- 2.3.4 After first having made a manual/visual determination, the umpires shall be entitled to use light meter readings as a guideline for determining whether the light is fit for play. Light meter readings shall be used by the umpires to determine whether there has been at any stage any deterioration or improvement in the light, and as benchmarks for the remainder of a stoppage or match. Umpires shall endeavour to maximise play at all times.
- 2.3.5 Control of the playing area and decisions as to the fitness of the pitch, ground and weather shall come under the umpires' jurisdiction from the period commencing 30 minutes prior to the scheduled start of the match.
- 2.3.6 The umpires shall not abandon play for the day prior to the afternoon tea adjournment, without consulting the Chairman (or their nominee) of the Major Association in whose centre the match is being played.
- 2.3.7 Following any inspection, the umpires will report their findings immediately to both Captains.
- 2.3.8 Use of artificial lights is not permitted for First Class matches for sake of consistency between venues.

3. LAW 3 – THE SCORERS

Law 3 shall apply subject to the following:

3.1 Law 3.1 Appointment of scorers

Two scorers shall be appointed to record all runs scored, all wickets taken and where appropriate, numbers of overs bowled and operation of the in-ground scoreboard.

The two appointed scorers may be made up of any combination of the following:

- i) Live Scorer
- ii) Support Scorer
- iii) Performance Scorer
- iv) OPTA Scorer

4. LAW 4 – THE BALL

Law 4 shall apply subject to the following:

4.1 Law 4.2 – Approval and control of balls

Law 4.2 shall apply and in addition:

Unless otherwise specified by the Board of NZC, Kookaburra Turf balls shall be used. Such balls shall be approved by both captains, or should they disagree, by the management of the Association controlling the match. The same make and quality of ball shall be used throughout the match.

4.2 Law 4.4 – New ball

The following will apply in place of Law 4.3:

A new ball shall be used at the start of each innings. In addition, the captain of the fielding team shall have the choice of taking a new ball after 80 overs have been bowled with the old one. Note: The over in which the new ball is taken, whether or not such ball is taken after a number of balls have been bowled with the old one, is to be regarded as the first over in computing the number of overs in respect of the new ball.

The number of overs bowled shall be prominently displayed on the scoreboard, singly at the conclusion of each over, from the commencement of the innings.

5. LAW 5 – THE BAT

Law 5 shall apply in addition:

Only Grade A bats shall be used at matches administered by NZC, including Plunket Shield, Ford Trophy, Men's Super Smash, HBJ Shield and Women's Super Smash, Provincial A, Hawke Cup Challenge, and Under 19 matches. Bats of Grade B and C and any other bats may be used only at other competitions as determined by NZC.

6. LAW 6 – THE PITCH

Law 6 shall apply subject to the following:

6.1 Law 6.3 - Selection and preparation

Law 6.3 shall apply and in addition:

6.1.1 Captains, team officials, umpires and Turf Managers shall cooperate to ensure that prior to the commencement of play on a match day, no player bowls or bounces a ball on the pitch or strikes it with a bat to assess its condition.

6.1.2 Prior to the start of play, only the captain and team coach may walk on the actual playing surface of the pitch area (outside of the crease markings).

6.1.3 Access to the pitch by television personnel shall be restricted to one camera crew (including one or two television commentators) of the official licensed television broadcaster(s) (but not news crews).

6.1.4 No spiked footwear shall be permitted.

6.1.5 No one shall be permitted to bounce a ball on the pitch, strike it with a bat or cause damage to the pitch in any other way.

6.1.6 Access shall not interfere with pitch preparation.

6.2 Law 6.5 - Non-turf pitches

Law 6.5 shall not apply. All First Class matches will be played on a grass pitch.

7. **LAW 7 – THE CREASES**

Law 7 shall apply subject to the following:

7.1 The popping crease

The following will apply in place of Law 7.3:

The popping crease, which is the back edge of the crease marking, shall be in front of and parallel to the bowling crease and shall be 4 ft/1.22 m from it. The popping crease shall be marked to a minimum 15 yards/13.71m on either side of the imaginary line joining the centres of the two middle stumps and shall be considered unlimited in length.

7.2 Markers

The umpires may request the ground staff to mark 5 dots from the striker's wicket to the 5ft protected area mark to aid in identifying the actual width of the pitch.

8. **LAW 8 – THE WICKETS**

Law 8 shall apply.

9. **LAW 9 - PREPARATION AND MAINTENANCE OF THE PLAYING AREA**

Law 9 shall apply subject to the following:

9.1 Law 9.1 Rolling

The following will apply in place of Law 9.1

The pitch shall not be rolled during the match except as permitted below:

9.1.1 Frequency and duration of rolling

During the match, the pitch may be rolled at the request of the captain of the batting side, for a period of not more than 7 minutes, before the start of each innings, other than the first innings of the match, and before the start of each subsequent day's play.

9.1.2 Rolling after a delayed start

In addition to the rolling permitted above, if, after the toss and before the first innings of the match, the start is delayed, the captain of the batting side may request that the pitch be rolled for not more than 7 minutes. However, if the umpires together agree that the delay has had no significant effect on the state of the pitch, they shall refuse such request for rolling of the pitch.

9.1.3 Choice of rollers

Rolling during the match may be undertaken by rollers weighing no more than 1.5 tonnes.

If there is more than one roller available, the captain of the batting side shall choose which one is to be used.

Where there is only one roller available on day one of a match that roller will be used for the duration of the game, regardless of size.

9.1.4 Timing of permitted rolling

The rolling permitted (maximum 7 minutes) before play begins on any day shall be started not more than 30 minutes before the time scheduled or rescheduled for play to begin. The captain of the batting side may, however, delay the start of such rolling until not less than 10 minutes before the time scheduled or rescheduled for play to begin.

9.2 Law 9.2 – Clearing debris from the pitch

The following will apply in place of Law 9.2:

9.2.1 The pitch shall be cleared of any debris:

- (a) before the start of each day's play. This shall be before any rolling, not earlier than 30 minutes nor later than 10 minutes before the time or any rescheduled time for start of play.
- (b) between innings. This shall precede rolling if any is to take place.
- (c) at all intervals for meals.

9.2.2 The clearance of debris in 9.2.1 shall be done by sweeping or by use of a blower, except where the umpires consider that this may be detrimental to the surface of the pitch. In this case the debris must be cleared from that area by hand, without sweeping.

Note: Sweeping of the pitch may only occur up to the five-foot marks at either end, in a direction away from the main body of the pitch. Blowers may be used on the entire length of the pitch.

9.3 Law 9.3 – Mowing

Law 9.3 shall apply subject to the following:

If necessary, debris may be removed from the pitch before mowing, see 9.2.2.

9.4 Watering the Outfield

The watering of the outfield will be permitted during the match subject to the following:

9.4.1 Such watering shall only be possible if the “watering plan” is requested by the Turf Manager and approved by the umpires before the match has started. Once the match has started, any such request will not be considered.

9.4.2 The consent of the captains is not required but the umpires shall advise both captains before the start of the match on what has been agreed.

9.4.3 The watering shall occur as soon as possible after the conclusion of the day’s play.

9.4.4 The watering shall only be carried out to the extent that it is necessary to retain the good condition of the outfield.

9.4.5 The square and bowlers’ run-ups will be adequately covered prior to any watering taking place.

9.4.6 All ongoing matters of interpretation and implementation of watering requirements and regulations shall be resolved between the umpires and Turf Manager, but with the umpires retaining ultimate discretion over whether to approve any watering.

9.5 Protection and preparation of adjacent pitches/outer during matches

The protection (by way of an appropriate cover) and preparation of pitches which are adjacent to the match pitch will be permitted during the match subject to the following:

9.5.1 Such measures will only be possible if requested by the Turf Manager and approved by the umpires before the start of the match.

9.5.2 Approval should only be granted where such measures are unavoidable and will not compromise the safety of the players or their ability to execute their actions with complete freedom.

9.5.3 The preparation work shall be carried out under the supervision of the umpires.

9.5.4 Any necessary watering shall be carried out only to the extent necessary for such preparations and shall not be permitted in circumstances which may in any way affect the match pitch.

9.5.5 The consent of the captains is not required but the umpires shall advise both captains before the start of the match on what has been agreed.

9.5.6 Players - under no circumstances are fielders allowed to use spikes to scar the turf to mark their fielding position. Bowlers will be provided with green or blue paint to mark their run up, or use the bowler's marker as provided.

9.6 Logos on the ground

Only NZC has the right to apply on-ground logos.

10. LAW 10 - COVERING THE PITCH

Law 10 shall apply subject to the following:

10.1 Laws 10.2 During the Match and 10.3 Removal of Covers

The following will apply in place of Laws 10.2 and 10.3:

10.1.1 In all matches, the pitch shall be entirely protected against rain up to the commencement of play and for the duration of the period of the match. It shall be wholly covered at the termination of each day's play or, providing the weather is fine, within a period of two hours thereafter.

10.1.2 The covers must adequately protect the pitch and also the pitch surrounds, 5 metres either side of the pitch and any worn or soft areas in the outfield, as well as the bowlers' run-ups to a distance of at least 10 x 10 meters.

10.1.3 All covers (including "hessian" or "scrim" covers used to protect the pitch against the sun) shall be removed not later than 2.5 hours before the scheduled start of play, provided it is not raining at the time, but the pitch will be covered again if rain falls prior to the commencement of play.

11. LAW 11 - INTERVALS

Law 11 shall apply subject to the following:

11.1 Pre Match meeting

A meeting between the match referee, umpires, captains, coaches, turf managers and team physios will be held on the first morning of the match to discuss any local ground and facility issues along with any conditions for play that need clarification.

11.2 The sessions

Match sessions shall be as follows:

- Commencement of play until lunch
- Lunch until tea
- Tea until close of play

11.3 Time for lunch interval

Lunch interval shall be taken between 12.50pm – 1.30pm except when daylight saving hours conclude, when the time for lunch interval will be amended to 12.20pm – 1.00pm.

11.4 Time for tea interval

Tea interval shall be taken between 3.40pm-4.00pm (except when daylight saving hours conclude when the time for tea interval will be amended to 3.10pm – 3.30pm).

The lunch and tea intervals may be changed, with the agreement of both captains or at the direction of the umpires. Also refer First Class Playing Condition 12.

11.5 Interval for drinks

Drinks breaks will not be scheduled except under conditions of extreme heat or cold the umpires (after consultation with the Match Referee) may permit an interval for drinks.

An individual player may be given a drink either on the boundary edge or at the fall of a wicket, on the field, provided that no playing time is wasted. No other drinks shall be taken onto the field without the permission of the umpires. Any player taking drinks onto the field shall be dressed in proper cricket playing attire (and bibs).

11.6 Extension of Interval Between Innings

Teams may by mutual agreement extend the interval between innings to 15 minutes if the distance between the match pitch and dressing rooms causes delays. The additional time utilised for such interval is to be made up at the conclusion of the day's play during the permitted overtime.

12. LAW 12 - START OF PLAY; CESSATION OF PLAY

Law 12 shall apply subject to the following:

12.1 Duration

Matches shall be of four days' duration

12.2 Times for start and cessation of play

12.2.1 The scheduled hours of play shall be 10.30am – 6.00pm except when daylight saving hours conclude, in which case the scheduled hours of play will be amended to 10.00am – 5.30pm.

12.2.2 The standard hours of play shall be adhered to as closely as possible, but such hours may be varied by the mutual consent of the two competing teams and the approval of NZC, in which case the host team shall notify the match umpires, press, television, radio, sponsors and all concerned immediately any such variation has been agreed to.

12.2.3 Notwithstanding any variation to the standard hours of play but subject to Laws 12.6 and 12.7 and to First Class Playing Condition 12.8.

- (a) The total hours of play of a match, including extra time as in First Class Playing Condition 12.5 or time made up under First Class Playing Condition 12.6, shall not exceed 26 hours; and
- (b) Subject further to 12.2.1, the scheduled hours of play are to be confined to the period 10.30am to 6.30pm, except on day 4 as per First Class Playing Condition 12.6.2.

12.3 Law 12.6 Last hour of match – number of overs

For the purposes of these First Class Playing Conditions the words “20 overs” as used in Laws 12.6 and 12.7 shall be deemed to read as “15 overs”.

12.4 Early Finish

On the last day, by mutual agreement of the captains and provided there is no possibility of a result, then

- (a) play may cease at any time after the commencement of the tea interval with the consent of the CEO of the Major Association or their nominee, in whose center the match is played; or
- (b) play may cease up to 60 minutes earlier than the scheduled time for cessation of play without the consent described in (a) being required.

For the purpose of this Condition, any variation to the standard time for cessation of play as a result of the implementation of First Class Playing Conditions 12.5 and 12.6 shall be deemed to be the scheduled time for cessation.

12.5 Extra Time

12.5.1 If, in the opinion of both captains, 30 minutes extra time (or minimum 8 overs) at the end of any day’s play prior to the last day would bring about a definite result on that day, then the umpires shall order the same. If however, the captains disagree, the decision shall be left to the umpires. Subject to any decisions under Laws 2.7, 2.8 and/or First Class Playing Condition 2.3, the whole 30 minutes should be played out as part of the total time, even though the possibility of a result in a match may have disappeared before the 30 minutes has expired.

Before what would normally be the last over bowled, the umpires shall inquire of the captains (the batsmen at the wicket may deputise for their captain), whether one or both wish to demand extra time for the purpose of bringing about a definite result on that day.

12.5.2 The umpires may decide to play 15 minutes (a minimum of four overs) extra time at the scheduled lunch or tea interval of any day if requested by either captain if, in the umpires’ opinion, it would bring about a definite result in that session. If the umpires do not believe a result can be achieved, no extra time shall be allowed. If it is decided to play such extra time, the whole period shall be played out even though the possibility of finishing the match may have

disappeared before the full period has expired. Only the actual amount of playing time up to the maximum 15 minutes extra time by which play is extended on any day shall be deducted from the total number of hours of play remaining, and the following session of play shall be reduced by the amount of time by which play was previously extended under.

For the avoidance of doubt, this First Class Playing Condition shall not apply when Law 11.7 is applied i.e. the total extra time remains at 30 minutes.

12.6 Making up Lost Time

12.6.1 Days 1-3:

Subject to weather and light, in the event of the match being suspended for any reason other than normal intervals, the scheduled playing time on that day shall be extended by the amount of time lost, up to a maximum of 30 minutes. In such event, the overs to be completed during the day shall be recalculated in accordance with the process set out in First Class Playing Condition 12.8.2 below. There shall be an additional permitted overtime of up to 30 minutes in the event the required overs have not been completed by the rescheduled close of play.

Example:

If the start of play on day 1 is delayed because of dew and play starts at 11.30 (meaning one hour/15 overs are lost), the scheduled close of play will be extended by 30 minutes to 6:30pm. The overs to be bowled during the day will be recalculated in accordance with the process set out in First Class Playing Condition 12.8.2 below. If, due to a slow over rate the overs to be bowled during the day have not been completed by 6.30pm, play can continue for a maximum of 30 minutes permitted overtime in order to complete these overs.

12.6.2 On the Last Day only:

Subject to weather and light, other than in the final hour of the match, in the event of the match being suspended for any reason other than normal intervals, the scheduled playing time shall be extended by the amount of time lost, up to a maximum of 30 minutes. In such event, the overs to be completed during the day up until the final hour of the match shall be recalculated in accordance with the process set out in First Class Playing Condition 12.8.2 below, except that the target shall be 81 overs rather than 96. There shall be an additional permitted overtime of unlimited duration in the event the required overs have not been completed by the rescheduled commencement of the final hour, in which case the last hour of the match shall be the hour immediately following the completion of these overs. No time is made up in respect of any interruptions that commence after the start of the last hour.

12.7 Time Lost Due to Disturbances

Where possible, time lost due to circumstances other than acts of God, e.g. mischief, crowd disturbance, shall be made up on the day during the 30 minutes permitted overtime.

12.8 Minimum overs in a day

12.8.1 Play shall continue on each day until the completion of a minimum target of 96 overs (or a minimum of 15 overs/hour or 4 minutes/over) or the completion of scheduled or rescheduled cessation time, whichever is the later, but provided that play shall not continue for more than an additional 30 minutes beyond the scheduled or rescheduled close of play ("permitted overtime"). For the sake of clarity, if any of the minimum target number of overs has not been bowled at the completion of the permitted overtime, play shall cease on completion of the over in progress, or the fall of a wicket during that over. The overs not bowled shall not be made up on any subsequent day.

12.8.2 If play is suspended, or there is a change of innings, the minimum number of overs to be bowled in the day shall be calculated on whichever of the following two calculations produces the greater number of overs:

Either one over for each full 4 minutes playing time remaining from the commencement of play to the scheduled time for the close of play;

Or, the minimum number of overs agreed for the day, less the number of overs already bowled and less all allowances for the suspension of play per 12.8.4 below.

For the avoidance of doubt there shall be a reduction of 2 overs to the minimum number of overs for a change of innings, except where this occurs at the lunch or tea intervals, or at a weather interruption.

12.8.3 On the last day, a minimum of 81 overs shall be bowled during playing time, other than the last hour of the match. If any of such minimum overs (or in the event of a recalculation of minimum overs following a suspension in play, the recalculated minimum overs) have not been bowled when one hour of scheduled playing time remains, the last hour of the match for the purposes of Law 12.6 and Law 12.7 (as amended for the purposes of these First Class Playing Conditions by First Class Playing Condition 12.6 hereof) shall commence immediately from the time when such overs have been completed.

12.8.4 Subject to First Class Playing Condition 12.8.2 hereof, if play is suspended due to adverse weather or light or any other reason (other than normal intervals) for more than 30 minutes on any day (including, for the avoidance of doubt, the final day), the minimum number of overs shall be reduced by one over for each full 4 minutes of the aggregate playing time lost.

- 12.8.5 The umpires are the sole arbiters of whether such interruption of play is allowable and of the length of such interruptions and shall inform both captains of adjustments made to the minimum over requirements. They must take steps under Law 41.10 (batter wasting time) should batsmen deliberately waste time.
- 12.8.6 No reductions of the minimum number of overs should be allowed for drink intervals or player injuries where they occur after the scheduled cessation of time or, on the last day, within the last hour of the match.
- 12.8.7 Except on the final day, if, as a result of ground, weather or light conditions causing a suspension of play, the players are already off the field at the scheduled or rescheduled cessation time or go off the field at any time thereafter, stumps shall be drawn.
- 12.8.8 The scoreboard shall show the minimum number of overs remaining to be bowled in the day and the total number of overs bowled with the ball currently in use.
- 12.8.9 If an innings ends during the course of an over, such part over shall count as a full over so far as the minimum number of overs to be bowled in a day is concerned.
- 12.8.10 Should play be suspended for the day in the middle of an over, that over must be completed the next day in addition to the minimum overs to be bowled that day.
- 12.8.11 Except as provided in First Class Playing Condition 12.5.1, there shall be no further play on any day, other than on the last day, if a wicket falls or a batter retires or if the players have occasion to leave the field during the last minimum over within three minutes of the scheduled cessation time or thereafter. This shall also apply to the additional permitted overtime required in order to complete the minimum over requirement for the day. If an over is interrupted in these circumstances, stumps shall be drawn for the day and the over shall be completed on the resumption of play.
- 12.8.12 An over completed on resumption of a new day's play shall be disregarded in calculating the minimum overs for that day.
- 12.8.13 Fractions are to be ignored in all calculations regarding the number of overs.

12.9 Over Rate penalties

- 12.9.1 The minimum over rate to be achieved by the fielding teams throughout the match will be 15 overs per hour (rounded to a minimum of 96 overs in a six and a half hour day) subject to the following deductions:
- (a) Actual time where treatment by authorised medical personnel is required on the ground and also for a player leaving the field due to serious injury;

- (b) For interruptions caused by unfit pitch, ground, weather or light conditions or other unforeseen delays beyond the control of the fielding team;
- (c) Actual time taken to a maximum of 4 minutes for a drinks break taken in any session (if permitted by the umpires pursuant to First Class Playing Condition 11.5);
- (d) 2 minutes for each wicket taken. (For the avoidance of doubt, no allowance shall be given for the final wicket in an innings, or for a wicket that falls immediately prior to any interval);
- (e) Actual time lost as a result of time wasting by the batting team. In the event of any allowance being granted to the fielding team under this First Class Playing Condition 12.9.1(e) (time wasting by batting team) then such time shall be deducted from the allowance granted to such batting team in the determination of its over rate.

12.9.2 Umpires, in consultation with the Match Referee and the official scorers are required to verify all times for allowances and stoppages at the end of each day's play, and at the completion of the match. For calculation purposes:

- (a) The last hour of a match shall be excluded;
- (b) A maximum of 20 overs in any hour shall apply;
- (c) An innings with a duration of fewer than three hours (after adjustment for allowances) shall be excluded, unless inclusion would be beneficial to the fielding side.

12.9.3 Over rates will be calculated at the end of the match. If the fielding team has failed to meet the minimum over rate (First Class Playing Condition 12.9) for the first time in a season, a charge will be brought against the captain of the fielding team under the NZC Code of Conduct. NZC also reserves the right (depending on the seriousness and context of the breach), to bring a charge against any member of the fielding team under the NZC Code of Conduct.

12.9.4 Should a team fail to meet the minimum over rate requirement more than once in the same season, in addition to further charges under the NZC Code of Conduct, the team will have competition points deducted.

12.9.5 Points deduction for a second or subsequent failure to meet the minimum over rate, in the same season, will be calculated on the following:

For each over or part thereof the fielding team is short of the required minimum 15 overs per hour, penalties as below will be applied.

- (a) below 15 but not below 14: the fielding team will be penalised by the deduction of 2 competition points;
- (b) (below 14: the fielding team will be penalised by the deduction of 3 competition points.

Notwithstanding the foregoing, no penalties will be applied under this First Class Playing Condition 12.9.3 against any team in the event that the match is completed within a combined total of 288 overs (the equivalent of three full days play). This will, however, not prevent a charge against the Captain under the NZC Code of Conduct.

12.9.6 The player who is nominated as the captain in any match will be deemed to be the captain should any penalties be imposed under First Class Playing Condition 12.9.3. Notwithstanding this, where a team's regular captain is playing in any match but is not nominated as the captain for that match (regardless of the reason), they may be deemed to be the Captain for the purposes of bringing any charge under the NZC Code of Conduct in relation to over rate penalties.

13. LAW 13 – INNINGS

Law 13 shall apply subject to the following:

13.1 Law 13.4 – The Toss

The following shall apply in place of Law 13.4:

The captains shall toss a coin for the choice of innings, on the field of play in the presence of the Match Referee, not earlier than 30 minutes, nor later than 15 minutes before the scheduled or any rescheduled time for the match to start. The Match Referee shall oversee the exchange of team lists (minimum 6 copies and/or 20 copies for TV matches).

14. LAW 14 - THE FOLLOW-ON

Law 14 shall apply.

15. LAW 15 - DECLARATION AND FORFEITURE

Law 15 shall apply subject to the following

15.1 No Collusion

Law 15 provides an option to the captain of the batting team only, and it is not the intention that any declaration or forfeiture should become the subject of an agreement between teams, officials, captains or players.

If the umpires have grounds for thinking that any such agreement has taken place, they shall immediately report accordingly to NZC. If NZC decides to carry out an investigation, it will conduct such enquiries as it sees fit, and invite submissions about the match or the conduct of either captain or any player, and will give the opportunity to be heard to interested parties, including representatives of both teams involved.

15.2 Penalties for Collusion

If NZC finds that teams, officials, captains or players have colluded unfairly to contrive the outcome of a match, to the detriment of any other team in the competition, it may in its absolute discretion do one or more of the following:

- (a) fine a team, captain or player
- (b) suspend a captain from playing in any match or matches
- (c) disallow any points earned by a team in respect of the match
- (d) amend any points earned by a team in the match; or
- (e) take any other action as is deemed appropriate, including action under the NZC Code of Conduct.

For the purpose of this First Class Playing Condition, “colluded unfairly to contrive the outcome of a match,” means an agreement designed to contrive the outcome of a match in favour of a particular team, or to achieve a result that is unfair to any of the other teams in the same competition.

15.3 Aggressive Declarations

The operation of this First Class Playing Condition is not intended to prevent competing captains from making aggressive declarations with a view to giving either team the chance of achieving an outright win.

15.4 Authorisation

Only the Chief Executive of NZC or the Chairman of the Board of NZC or their nominee is authorised to comment in relation to any matter relating to the parties involved or the process under this First Class Playing Condition 15. This authorisation includes, but is not limited to any report, investigation, review, decision, application for leave to appeal or an appeal and any other information regarding an application pursuant to this Condition 15. In the absence of special reasons publicity will be given by NZC in respect of the disciplinary process in each case. In televised matches where a TV umpire has been appointed, and there is still doubt remaining after consultation between the on-field umpires, the procedure to follow will be as listed in 31.1.1 – 31.1.7 below.

- 31.1.1 In all televised first class, one day and T20 matches, the on-field umpire shall be entitled to refer for a TV replay to assist them in making a decision, including being able to check on a possible “no ball” regarding the number of players in the circle.
- 31.1.2 An on-field umpire wishing to refer a decision to the TV umpire shall signal to the TV umpire by making the shape of a TV screen with their hands. For all Out/Not Out referrals the TV umpire’s decision will be relayed on the big screen.
- 31.1.3 For all Boundary checks, “no ball” checks, etc. the final decision will be signaled on field by the bowler’s end umpire.
- 31.1.4 In the unlikely event, where the TV umpire has lost audio or video communication with the TV Director, the on-field umpires will not refer any decisions to the TV umpire . The fielding captain and batter will be advised when this occurs and as soon as it is fully restored.

31.1.5 Run out, Stumping and Hit Wicket Decisions

- (a) The on-field umpire shall be entitled to refer an appeal for a run out, stumping or hit wicket to the TV umpire.
- (b) In the case of a referral of a hit wicket or stumping decision, the TV umpire shall first check the fairness of the delivery. (All modes of “no ball” except for the bowler using an illegal action [for clarity, a specific type of banned delivery can be reviewed and called “no ball”]). If the delivery was not a fair delivery they shall indicate that the batter is not out and advise the on-field umpire to signal “no ball”.
- (c) Additionally, if the TV umpire finds the batter is out by another mode of dismissal (excluding LBW) or not out by any mode of dismissal (excluding LBW), they shall notify the on-field umpire so that the correct decision is made.
- (d) If the TV umpire decides the batter is out a red light is displayed, a green light means not out. Should the TV umpire be temporarily unable to respond, a white light (where available) will remain illuminated throughout the period of interruption to signify to the on-field umpires that the TV replay system is temporarily unavailable, in which case the decision will be taken by the on-field umpire. (As an alternative to the red/green light system and where available, the big screen may be used for the purpose of conveying the TV umpire’s decision).

31.1.6 Caught Decisions, Obstructing the Field

- (a) The on-field umpire shall be entitled to refer an appeal for a caught decision to the TV umpire in the circumstances set out in this First Class Playing Condition 31.1.6.

- (b) Should the bowler's end umpire be unable to decide whether or not a catch was taken fairly, or if a catch was taken from a bump ball or not, or if, on appeal from the fielding side, the batter obstructed the field, they shall first consult with the square leg umpire.
- (c) Should both on field umpires require assistance from the TV umpire to make a decision, the bowler's end umpire shall firstly make a decision on field after consulting with the other umpire, then they shall consult by two-way radio with the TV umpire. Such consultation shall be initiated by the bowler's end umpire to the TV umpire by making the shape of a TV screen with their hands, followed by an out or not out soft signal.

If the TV umpire advises that the replay evidence is inconclusive, the on field decision communicated at the start of the consultation process shall stand.

- (d) The TV umpire must determine whether the batter has been caught, or if it was a bump ball, or if the batter obstructed the field. However, when reviewing the TV replay(s) the TV umpire shall first check the fairness of the delivery for decisions involving a catch (all modes of "no ball" except for the bowler using an illegal action, and whether the batter has hit the ball. If the delivery was not a fair delivery or if it is clear to the TV umpire that the batter did not hit the ball they shall indicate to the on-field umpire that the batter is not out caught and in the case of an unfair delivery, advise the on-field umpire to signal "no ball". Additionally, if it is clear to the TV umpire that the batter is out by another mode of dismissal (excluding LBW) or not out by any mode of dismissal (excluding LBW) they shall notify the on-field umpire so that the correct decision is made.

For clarity, the TV umpire shall not check for another mode of dismissal when there is an appeal for obstructing the field.

- (e) A fielder, who had allowed a batter to walk after claiming a catch that is subsequently shown on replay not to have carried, could be the subject of a report under the NZC Code of Conduct.

31.1.7 Boundary Decisions

- (a) The on-field umpire shall be entitled to refer to the TV umpire for a decision about whether the fielder had any part of their person in contact with the ball when he touched the boundary or when the player had any of their person grounded beyond the boundary, or whether a four or six had been scored. A decision is to be made immediately and cannot be changed thereafter.

- (b) If the television evidence is inconclusive as to whether or not a boundary has been scored, the status quo will remain, and it shall be treated as runs scored by the batting side.
- (c) An on-field umpire wishing the assistance of the TV umpire in this circumstance shall communicate with the TV umpire by use of a two-way radio and the TV umpire will convey their decision to the on-field umpire by this method.
- (d) The TV umpire may initiate contact with the on-field umpire by two-way radio if TV coverage shows a boundary line infringement or incident that appears not to have been acted upon by the on-field umpires.

31.1.8 Batter running to the same end

- (a) In the event of a runout where both batters are stranded in the middle; or run to the same end, and the umpires are uncertain over which batter is out, or made their ground first, the on-field umpire may refer the runout decision to the TV umpire.

31.1.9 No Balls

- (a) If the on-field umpire is uncertain as the fairness of the delivery following a dismissal, either affecting the validity of the dismissal or which batter is dismissed, they shall be entitled to request the batter to delay leaving the field and to check the fairness of the delivery (all modes of “no ball” except for the bowler using an illegal action - for clarity, a specific type of banned delivery can be reviewed and called “no ball”) with the TV umpire. Consultation with the TV umpire shall be undertaken via two-way radio. If the delivery was not a fair delivery, the on-field umpire shall indicate that the batter is not out, and signal “no ball”. For the avoidance of doubt, the TV umpire shall apply Law 21.5 when deciding whether a “no ball” should have been called.

The height of a delivery may be reviewed (once the ball becomes dead) if either of the on field umpires or the TV umpire, is of the opinion that a delivery may have passed on the full above waist height of the striker standing upright at the popping crease, or a short pitched delivery is in excess of that permitted, irrespective of whether it was a dismissal or not. Consultation shall be undertaken via two-way radio by the on-field umpires followed by the bowler’s end umpire signal to the TV umpire by making the shape of a TV screen with their hands. The TV umpire shall check the fairness of the delivery (all modes of “no ball”). If the delivery was not a fair delivery the bowler’s end umpire shall call and signal “no ball”.

If it is possible to identify the player(s) responsible:

- (e) For the avoidance of doubt any fast short-pitched delivery that is called a "wide" under this First Class Playing Condition shall also count as one of the allowable short pitched deliveries in that over.

NZC has agreed to the Anti-Doping Rules so that the Rules apply to its members and all participants as governing the conditions under which cricket is played in New

Zealand. NZC has an obligation to inform all participants about the Rules and the Prohibited List (as contained in the Rules) and particularly to educate all participants.

NZC establishes that there is no place for the improper use of drugs and doping practices in cricket and believes it is against the ethics of the game, not to mention the potentially harmful effects it can have on athletes' health. Cricketers should be under no illusions about the serious implications of violating the Anti-Doping Rules. It is absolutely imperative that the Anti-Doping Rules are read and understood, that there is an awareness of the Anti-Doping Rule violations included in the Rules and that the athlete is responsible for any medications or substances used.

team, then subject to the approval of the NZC Chief Executive or their nominee, the player may return to the 4-Day or 1-Day match and resume a full part in the match, taking over from the replacement player that replaced them earlier in the match. If the replacement player is batting at the time that the player returns to the 4-Day or 1-Day match, the replacement player shall complete their innings and the player shall take over thereafter. If the replacement player is bowling at the time that the player is available and ready to take the field of play, then the replacement player shall complete any unfinished over, and the player shall take the field thereafter.

50.1.8 If a player(s) is with a New Zealand representative team, but is omitted from the final playing XI, and if he is released by NZC to play in a 4-Day or 1-Day match after the nomination of the Major Association teams, then that player(s) may return to their Major Association's match and take the place of a nominated player who may or may not have already participated in the match. Each Major Association that has representation in the New Zealand representative team must, if it wishes that a specified New Zealand representative player(s) shall participate in the Major Association match if released by the New Zealand representative team, specify which player the New Zealand representative player shall replace. This shall be done at the nomination of teams by the captain to the Match Referee prior to the toss for innings. If no Major Association player has been specified, then under no circumstances shall the New Zealand representative player be allowed to participate in the Major Association match. For the avoidance of doubt, if a Major Association has more than one representative in the New Zealand representative team, then one player in the Major Association team must be nominated in respect of each New Zealand representative player and the Major Association player shall be considered as dedicated to that New Zealand representative player for the purpose of the replacement.

50.1.9 If the Major Association has specified a nominated player who is to be replaced by the New Zealand representative player, and the New Zealand representative player is indeed released by the New Zealand representative team to play in the 4-Day or 1-Day match, if it is reasonably expected that he is able to join the match before the start of the third scheduled day, then the player must make all reasonable efforts to take their place in the Major Association side at the earliest opportunity and the replacement must be effected. No replacement will be allowed if the New Zealand representative player is not available to take their place in the Major Association side until after the start of play on the third scheduled day. There is no option for the Major Association to refuse the New Zealand representative player if they have nominated a player to be replaced by the New Zealand representative player.

If the nominated player is batting at the time that the New Zealand representative player joins the 4-Day or 1-Day match, the nominated player shall complete their innings. The replacement player cannot bat if the nominated player has batted or is batting in the same innings at the time the replacement player joins the match. If the nominated player is bowling at the time that the New Zealand representative player is available and ready to take the field of play then the nominated player shall complete any unfinished over and the New Zealand representative player shall take the field thereafter.

50.2 Overriding discretion of NZC

Notwithstanding anything contained above, the NZC CEO or their nominee retains the overriding discretion to vary the above, should circumstances require in the best interests of NZC and the game of cricket.

51. **CONCUSSION SUBSTITUTE**

The following shall apply in addition to Law 1:

- 51.1 If the relevant Major Association Team Physio formally notifies the Match Referee of the diagnosis of a player with suspected concussion (Concussed Player), then a Concussion Substitute may be activated to take the place of the Concussed Player for the remainder of the match in accordance with this First Class Playing Condition 50.
- 51.2 Formal notification in accordance with First Class Playing Condition 51.1:

 - (b) can be activated in accordance with and subject to this First Class Playing Condition 51 at any time during the remainder of the match following the formal notification.
- 51.4 There is no obligation for a team to immediately or subsequently activate a Concussion Substitute following any formal notification/s made in accordance with First Class Playing Condition 51.1.
- 51.5 Following the notification at First Class Playing Condition 51.1, if the Concussed Player's team wishes to activate the Concussion Substitute, it must have its captain (or coach where the captain cannot practically do so) formally notify the Match Referee of its election to activate a Concussion Substitute for that Concussed Player.
- 51.6 The nominated 12th will be the Concussion Substitute therefore it might not be a like-for-like player substitution.
- 51.7 Once approved by the Match Referee the Concussion Substitute may immediately participate in the match concerned as a complete replacement player for the

Concussed Player. To be clear, the Concussion Substitute can bat, bowl or field as though the player was a member of the starting XI.

- 51.8 If, at the time of activation, the Concussion Substitute is replacing a:
- (a) Concussed Player that has “retired not out” during their team’s current batting innings, the Concussion Substitute may only bat in that innings (where possible) as though the player was a batter returning to their innings; or
 - (b) Concussed Player from the fielding team, the Concussion Substitute may enter play pursuant to Law 2.5 as though the player was a member of the fielding team returning to play.
- 51.9 Once replaced by a Concussion Substitute, a Concussed Player may take no further part in the match concerned.
- 51.10 The restrictions in First Class Playing Conditions 24.2 shall not apply if the player is a Concussion Substitute that has been activated in accordance with First Class Playing Condition 51 and who is initially entering the field of play in replacement of a Concussed Player.

- (f) Absolutely no change of gloves/bat/helmet, unless the equipment is broken or damaged within 10 minutes of a scheduled break.
- (g) Drinks break, when allowed, to be no more than four minutes each.
- (h) Substitutes entering play should be done without any delay.

- (l) Following a review/referral of a decision, the batsmen and fielding team must be in position and ready to resume play immediately after the umpire’s final decision is made (unless of course the decision is out, in which case drinks shall be taken provided there is no delay in play).

- (m) Any delays in play caused by the batting team's failure to adhere to these provisions shall be deducted from the allowances granted to that team in the calculation of its over rate.
- (n) The above, shall not detract from the right of the umpires to take action under Law 42 and to lay charges against the offending players under the NZC Code of Conduct for time wasting.

53. BOWLING LOADS

- 53.1 All pace bowlers (defined as bowlers where the wicketkeeper would normally stand back) are subject to a limitation of overs allowed to be bowled per day. This rule is made in the interests of player safety and follows extensive research findings.
- 53.2 Coaches shall apply the rules set out in this First Class Playing Condition 52 strictly and not attempt to avoid them by bringing up the wicketkeeper artificially. Player safety must be placed as a higher priority than match results, and the NZC High Performance Unit requires that fast bowlers aged under 19 or under 17 as at 1 September 2022 bowl no more than three days consecutively.
- 53.3 In the event of any dispute in relation to the requirements of this First Class Playing Condition 53, the matter should be referred to the GM of NZC High Performance, or their delegate, whose ruling will be final.
- 53.4 If a player is aged under 17 as at 01 September 2022, they will be restricted to a bowling load of six overs in any one spell, and a maximum of 16 overs per day.
- 53.5 If a player is aged under 19 as at 01 September 2022, they will be restricted to a bowling load of eight overs in any spell, and a maximum of 20 overs per day.
- 53.6 The following shall apply to players aged under 19 as at 01 September 2022:
 - 53.6.1 At the completion of a bowler's spell, the bowler may not bowl again until the equivalent number of overs as the length of that spell are bowled, from the same end.
 - 53.6.2 In the event that bad weather or light conditions cause a continuous suspension of play, upon resumption of play a bowler may commence a new spell providing the break from their previous bowling spell is of at least one hour duration.
 - 5.6.3 A bowler's spell will be deemed to have finished at the end of a day's play and a new spell may be commenced immediately the next day.
 - 53.6.4 In the instance where an innings is concluded and a team is asked to follow on, the bowler's normal break between spells will apply.
 - 53.6.5 In the event of a bowler inadvertently exceeding the number of overs permitted, any extra balls bowled will be deemed legal deliveries and whatever eventuates, if anything, as a result of these deliveries, the position will stand.

Upon notification of this irregularity, the offending bowler will be immediately replaced and the over completed by another bowler.

53.6.6 Any part over completed will count as a full over only in so far as each bowlers limit is concerned.

53.7 A bowler aged 19 or over is not restricted in any bowling load.

54. NZC DOUBTFUL BOWLING PROCEDURES

NZC has established procedures to allow the legality of a bowler's action to be investigated scientifically away from a match situation.

The full procedures are available from NZC by emailing Catherine Campbell, GM Cricket Operations on – ccampbell@nzc.nz

55. COVID-19 REPLACEMENT

The following shall apply in addition to Law 1:

55.1 If during the course of the relevant match a player tests positive for COVID-19, displays COVID-19 symptoms, or is prevented from participating as a result of applicable COVID-19 public health guidance, a COVID-19 Replacement may be permitted in the following circumstances:

55.2 The positive test for COVID-19, symptoms of COVID-19 or public health guidance preventing participation must be formally confirmed by the Team Medical Representative and endorsed by an independent medical practitioner.

55.3 The Team Medical Representative or Team Manager shall submit a COVID-19 Replacement Request to the NZC Match Referee on a standard form which shall:

55.3.1 identify the relevant player;

55.3.2 specify whether the player has tested positive for COVID-19, is displaying COVID19 symptoms, or is prevented from participating as a result of applicable COVID-19 public health guidance; and

55.3.3 identify the requested COVID-19 Replacement for the player whose replacement is requested.

55.4 If approved by the NZC Match Referee, the replacement will be in the first instance, the team's nominated 12th.

55.4.1 If the nominated 12th is already involved in the match and a team has named 13 players in their match day squad, the 13th player will be the next agreed COVID-19 replacement.

55.4.2 If the nominated 12th is involved in the match and there is no named 13th player, the team can nominate an available player from outside of their match day squad as the COVID-19 replacement. This will subject to Match Referee approval and require sign-off from NZC's Head of Cricket Operations, or their designate.

55.4.3 If playing conditions 55.4.1 & 55.4.2 do not apply, then the team may call on the oppositions 12th as the next agreed COVID-19 replacement.

55.4.4 If the oppositions 12th player is involved in the match and the opposition have named a 13th player in their match day squad, then the opposition 13th player will be the next nominated COVID-19 replacement.

55.5 The decision of either the NZC Match Referee or NZC's Head of Cricket Operations or their designate in relation to any COVID-19 Replacement request shall be final and neither team shall have any right of appeal.

55.6 Once the COVID-19 Replacement has been approved by the NZC Match Referee or NZC's Head of Cricket Operations or their designate, the replaced player shall play no further part in the match, unless cleared to play by government medical officials. This clearance will need to be presented in writing to the Match Referee, or in their absence, the Match Manager.

55.7 Both the COVID-19 Replacement and the replaced player shall be considered to have played in the match for records and statistical purposes.

55.8 A COVID-19 Replacement is a player who takes the place of a player who has been replaced in accordance with the process set out in clause 55.

55.9 Eligibility conditions 1.7-1.9 & 1.13 shall not apply when nominating a COVID-19 Replacement conditions.

PLUNKET SHIELD

Except as modified hereunder the First Class Playing Conditions for cricket in New Zealand shall apply in all Plunket Shield matches.

1. THE COMPETITION

The Four-day Plunket Shield competition will comprise a series of eight rounds, each of three matches, played over four days.

If two or more teams are equal on points at the completion of the series of ten rounds, the winner will be decided by:

- (a) the most outright wins; or
- (b) if still equal, then by the higher net average per wicket (*A team's net average per wicket is calculated by deducting from the average runs per wicket scored by the team throughout the series, the average runs per wicket scored against the team throughout the series*).

2. THE SCORING OF POINTS

Points shall be scored in Plunket Shield matches as follows:

Outright Win Twelve points to be added to the bonus points earned

Outright Tie Six points to each team plus bonus points earned

Bonus points Bonus points apply for each team's first innings only up to the end of 110 overs. There is no compulsory declaration.

Batting points – One point at 200 runs, two points at 250 runs, three points at 300 runs, four points at 350 runs.

Bowling points – One point at 3 wickets, two points at 5 wickets, three points at 7 wickets, four points at 9 wickets.

No other points apply for the first innings.

A drawn match will earn the bonus points only for each team, including matches that end before both first innings are completed.

Abandoned match due to weather or light (no play) in the event a match is abandoned without any play having taken place as a result of weather or light, each participating team shall be awarded four points

Abandoned match for other reasons (no play) in the event a match is abandoned without any play having taken place as a result of reasons other than weather or light, each participating team shall be awarded the average of the points scored by the other teams in matches that took place during the same Plunket Shield round as the abandoned match. Notwithstanding this, in the event that NZC determines that the

match abandonment is partly or wholly due to an act or omission of a team (or its Major Association or other party under the control of its Major Association) that is inconsistent with the rules and regulations governing New Zealand domestic cricket, then NZC reserves the right to withhold points from such team (note that this does not preclude further action being taken against such team or its Major Association through a disciplinary process).

NZC reserves the right to determine in its sole discretion whether a match was abandoned due to weather or light, or for other reasons.

**Abandoned match
(after play has
commenced)**

In the event that, following commencement of play, a match is abandoned for any reason without an outright result, the match shall be deemed to be a draw and accordingly each team shall be awarded any bonus points on the first innings as set out above.

Notwithstanding the above, in the event of exceptional circumstances, NZC shall have the discretion to award points to and/or deduct points from either team. In doing so, NZC shall be entitled to take any relevant matters into consideration, including the reasons for or causes of the abandonment, the bonus points already earned by either team in the match, the likelihood of an outright result, and the average of the points scored by the other teams in matches that took place during the same Plunket Shield round as the abandoned match.

3. 3. LIMITATION OF OVERS FOR PACE BOWLERS

- 3.1 All pace bowlers (defined as bowlers where the wicketkeeper would normally stand back) are subject to a limitation of overs allowed to be bowled per day. This rule is made in the interests of player safety and follows extensive research findings.
- 3.2 Coaches are asked to apply the rule strictly and not try to avoid it by bringing up the wicketkeeper artificially. Player safety must be placed as a higher priority than match results, and the NZC High Performance Unit suggests that fast bowlers bowl no more than three days in a row. This applies to U17 and U19 players.
- 3.3 In the event of any dispute, the matter should be referred to NZC's General Manager High Performance whose ruling will be final.

3.4 The following rules shall apply:

- (a) If a player is aged under 17 as at 1 September 2022, they will be restricted to a bowling load of six overs in any one spell and no more than a total of 20 overs in a day's play.
- (b) If a player is aged under 19 as at 1 September 2022, they will be restricted to a bowling load of six overs in any spell and no more than a total of 20 overs in a day's play.
- (c) At the completion of a bowler's spell, the bowler may not bowl again until the equivalent number of overs, as the length of that spell are bowled, from the same end.
- (d) In the event bad weather or light conditions cause a continuous suspension of play, upon resumption of play a bowler may commence a new spell providing the break from their previous bowling spell is of at least one hour duration.
- (e) In the event of a bowler inadvertently exceeding the number of overs permitted, any extra balls bowled will be deemed legal deliveries and whatever eventuates, if anything, as a result of these deliveries, the position will stand. Upon notification of this irregularity, the offending bowler will be immediately replaced and the over completed by another bowler.
- (f) Any part over completed will count as a full over only in so far as each bowler's limit is concerned.

FORD TROPHY

Except as modified hereunder, the First Class Playing Conditions for cricket in New Zealand shall apply in all Ford Trophy matches.

1. THE COMPETITION

The Ford Trophy competition will comprise a series of ten rounds of matches with the six competing teams playing each other, followed by an Elimination Final and a Grand Final. There is no reserve day scheduled for the Grand Final.

On completion of the series of ten rounds, all teams will be placed from first to sixth position according to the points obtained, or if equal on points, in accordance with Ford Trophy Condition 2.3, and the top placed team will proceed directly to the Grand Final.

The teams finishing second and third will play in an Elimination Final with the winner of that match proceeding to the Grand Final.

1.1 Elimination Final

The Elimination Final will be played at the home ground of the second placed team. In the event of no result or a tie in the Elimination Final, the team which was placed in the higher position after the series of 10 matches will be deemed the winner of the match.

1.3 Grand Final

The Grand Final will be played at the home ground of the first placed team after the series of 10 matches.

The team which wins the Grand Final shall be the winner of the competition. In the event of a no-result or a tie, the Ford Trophy will be awarded to first placed team after the series of 10 matches.

2. POINTS

2.1 Match Result

Points shall be scored in Ford Trophy matches as follows:

Win	4 points
Tie or no result	2 points
Bonus point	1 point
Loss	0 points

2.2 Bonus Points

The team that achieves a run rate of 1.25 times that of the opposition shall be awarded one bonus point. A team's run rate will be calculated by reference to the runs scored in an innings divided by the number of overs faced. Where a team is all out, the number of overs to be used is the maximum number of overs that team was otherwise eligible to face.

Where matches are shortened and targets revised using the DLS system, bonus run rates and defensive targets are derived as a function of the revised target score and maximum overs.

2.3 Competition Placing

In the event of teams finishing on equal points, the right to play in the preliminary finals series and grand final match will be determined as follows:

- the team with the most number of wins
- the team with the highest number of bonus points
- the team with the highest net run rate

In a match declared as "no result", run rate is not applicable.

A team's net run rate is calculated by deducting from the average runs per over scored by that team through the competition, the average runs per over scored against that team throughout the competition *i.e. calculation of net run rate = team run rate per over less opponent run rate per over*. In the event of a team being all out in less than its full quota of overs, the calculation of its net run rate shall be based on the full quota of overs to which it would have been entitled and not on the number of overs in which the team was dismissed.

In matches where play is delayed or interrupted, and the match becomes less than a 50 over per team match, the team run rates will be calculated as follows:

- (a) The team run rate for the team batting second will be the rate achieved in its innings, with such rate being based on the number of overs (Ford Trophy Condition 9.5).
- (b) The team run rate for the team batting first will be that which was achieved from the same number of highest scoring overs as set in Ford Trophy Condition 9.5, to be bowled to the team batting second.

3. **LAW 2- THE UMPIRES**

3.1 Light

Normally, play should continue regardless of the state of the light, but umpires are empowered to enforce Law 2.7 and 2.8 if they deem it necessary.

If, in the opinion of the umpires, natural light is deteriorating to an unfit level, they may authorise the Ground Authority to use the available artificial lighting (if available) so that the match can continue in unfit conditions.

4. **LAW 4 – THE BALL**

First Class Playing Condition 4 shall not apply and shall be replaced by:

White Kookaburra 156g Turf cricket balls, as approved by NZC will be used in all matches. Each fielding team shall have two new balls for its innings, to be used in alternate overs, i.e. one from each end. In a one day match reduced to 25 overs or less prior to the start of the first innings, only one new ball will be used per innings.

The umpires shall retain possession of the match balls throughout the duration of the match when play is not actually taking place. During play umpires shall periodically and irregularly inspect the condition of the balls and shall retain possession of them at the fall of a wicket, a drinks interval, or any other disruption in play. White balls will be used in all matches (including day / night matches).

In the event of a ball becoming wet and soggy as a result of play continuing in inclement weather or it being affected by dew, or a white ball becoming significantly discoloured and in the opinion of the umpires being unfit for play, the ball may be replaced for a ball that has had a similar amount of wear, even though it has not gone out of shape. Either bowler or batter may raise the matter with the umpires and the umpires decision as to a replacement or otherwise will be final.

Host Major Associations shall ensure a good selection of quality used white Turf 156g balls are available at all venues. These should be varying in overs used – up to 25 overs.

5. Law 6.5 – Non-Turf Pitches

Law 6.5 shall not apply and shall be replaced by:

- 5.1 Matches should be played on either turf pitches or Stitched hybrid pitch systems in which synthetic turf fibres (polyethylene or polypropylene, of beige and/or green colour or combination of both) are inserted vertically into an entire soil pitch with established natural turf.

Fibre stitches should be at a mean square spacing of between 18 to 22 mm parallel to the direction of play and over the whole pitch area.

6. LAW 11 - INTERVALS

First Class Playing Condition 11 shall not apply and shall be replaced by:

6.1 Interval between innings in uninterrupted match

If the innings of the team batting first is concluded more than 30 minutes prior to the scheduled time for the interval, a 10 minute break will occur, and team two will commence its innings correspondingly earlier, and the interval will occur as scheduled.

The umpires may decide to play 15 minutes (a minimum of four overs) extra time at the scheduled interval if requested by either captain if, in the umpires' opinion, it would bring about a definite result in that session. If the umpires do not believe a result can be achieved no extra time shall be allowed.

If it is decided to play such extra time, the whole period shall be played out even though the possibility of finishing the match may have disappeared before the full period has expired.

Note: In addition to above, the length of the interval may be reduced by the umpires should exceptional circumstances arise.

6.2 Interrupted Match

Where the start of play is delayed or play is interrupted and the total playing time is reduced to less than seven hours, the umpires will vary the length of the break between the innings as follows:

Time Lost	Interval between Innings
1-14 minutes	No change i.e. 45 minutes
15 - 60 minutes	30 minutes
More than 60 minutes	the interval of 30 minutes may be further reduced by mutual agreement between the umpires and both captains. The minimum interval shall be 10 minutes.

6.3 Intervals for drinks

Two drinks breaks per session shall be permitted, each one hour 10 minutes apart. The provisions of Law 11.8 shall be strictly observed except that under conditions of extreme heat or cold the umpires may permit extra intervals for drinks. An individual player may be given a drink either on the boundary edge or at the fall of a wicket, on the field, provided that no playing time is wasted. No other drinks shall be taken onto the field without the permission of the umpires. Any player taking drinks onto the field shall be dressed in proper cricket playing attire (and bibs).

7. **LAW 12 - START OF PLAY; CESSATION OF PLAY**

First Class Playing Condition 12 shall not apply and shall be replaced by:

7.1 Hours of Play

In those matches where the start of the play is not delayed or play is not interrupted then:

(a) Preliminary rounds, preliminary finals and Grand Final matches

11.00am – 2.30pm	Session 1
2.30pm – 3.15pm	Interval
3.15pm – 6.45pm	Session 2

Unless otherwise advised by NZC

(b) Day/Night Matches

A match may be played as a day/night match where determined by NZC. The hours of play shall be:

2.00pm – 5.30pm	Session 1
-----------------	-----------

5.30pm – 6.15pm	Interval
6.15pm – 9.45pm	Session 2

Unless otherwise advised by NZC.

(c) **Televised Matches**

NZC shall have the right to vary the hours of play of any match which is televised live.

7.2 **Revised Hours of Play**

If there is a delayed start, or one or more interruptions in play, the umpires will order extra time to extend the timing for the cessation of play up to:

7.30pm	Day matches
10.00pm	Day/Night matches

7.3 **Penalties for not bowling the required overs**

If either team in either innings fails to bowl the required number of overs by the scheduled time for the cessation of the session, play shall continue until the required number of overs have been bowled. Teams are required to bowl their allotted overs before the scheduled or rescheduled cessation time.

If a team does not complete the required overs by the relevant time, a charge will be brought against the captain of the fielding team under the NZC Code of Conduct. NZC reserves the right (depending on the seriousness and context of the breach) to bring a charge against the captain and/or any members of the fielding team under the NZC Code of Conduct.

7.3.1

The player who is nominated as the captain in any match will be deemed to be the captain should any penalties be imposed under Ford Trophy Playing Condition 7.3.

Notwithstanding this, where a team's regular captain is playing in any match but is not nominated as the captain for that match (regardless of the reason), they may be deemed to be the Captain for the purposes of bringing any charge under the NZC Code of Conduct in relation to over rate penalties.

7.4 **Allowances**

For the purposes of determining penalties, the umpires shall take the following allowances into account:

- (a) Actual time taken for treatment of an injured player on the field.
- (b) Actual time taken for a player leaving the field in the event of a serious injury.
- (c) Actual time taken to dry a wet ball, or recover a ball.
- (d) Referrals to third umpire and sightscreen changes.

(e) Time wasting by the batting team.

(f) An additional allowance of 2 minute will be given for each of the 6th, 7th, 8th and 9th wickets taken during an innings. In the event of any allowance being granted to the fielding team under (e) above (time wasting by batting team), then such time shall be deducted from the allowance granted to such batting team in the determination of its over rate.

There shall be no allowances given for drinks breaks.

7.5 Verifying Allowances

Umpires are required to verify all times for allowances and stoppages in consultation with the Match Referee and official scorers, at the end of each session of play and at the completion of the match.

7.6 Captains

The player who is nominated as the captain in any match will be deemed to be the captain should any penalties be imposed under this Ford Trophy Condition. Notwithstanding this, where a team's regular captain is playing in any match but is not nominated as the captain for that match (regardless of the reason), they may be deemed to be the captain for the purposes of bringing any charge under the NZC Code of Conduct in relation to over rate penalties.

8. **LAW 13 – INNINGS**

8.1 Duration

A match will consist of one innings per team, and each innings will be limited to 50 overs. Matches are to be of one day's duration. A minimum of 20 overs per team will constitute a match. Note: No reserve day is allocated for the preliminary rounds or finals (other than the Grand Final).

8.2 Interrupted Match – No Over Reduction

In an interrupted match, which includes a match where the start of play is delayed, or where play is suspended, but where it is possible for both sides to bat for 50 overs by 7.30pm or 10.00pm in any day/night match:

8.2.1 Each team shall bat for 50 overs unless all out earlier.

8.2.2 If the team fielding first fails to bowl the required number of overs by the scheduled time for cessation of the first session, play shall continue until the required number of overs have been bowled. The innings break will be shortened as required, with a minimum break of 30 minutes.

8.2.3 If the team batting first is dismissed in less than 50 overs, the team batting second shall be entitled to bat for 50 overs.

8.2.4 If the team fielding second fails to bowl 50 overs by the scheduled cessation time, the hours of play shall be extended until the required number of overs has been bowled or a result achieved.

8.2.5 Penalties shall apply for not bowling the required number of overs as set out in Ford Trophy Condition 7.3 above.

8.3 Interrupted Match – Over Reduction

In matches where the start is delayed or where play is suspended and it is not possible to complete a 50 over match:

8.3.1 The object should always be to rearrange the number of overs so that both teams have the opportunity of batting for the same number of overs (minimum 20 overs each team). The calculation of the number of overs to be bowled shall be based on an average rate of 14.28 overs per hour in the time remaining before close of play at 7.30pm or 10.00pm in any day/night match. Fractions are to be ignored in all calculations regarding the number of overs, and if the number of overs is an odd number, then the number of overs are to be rounded up.

8.3.2 If the number of overs of the team batting first is reduced, a fixed time will be specified for the close of its innings by applying the provisions of Ford Trophy Conditions 7.2 and 8.3.1. In the event of the team fielding second failing to bowl, if necessary, the reduced numbers of overs by 7.30pm in a day match or 10.00pm in any day/night match, the hours of play shall be extended until the required number of overs has been bowled or a result achieved.

8.3.3 If, owing to suspension of play during the innings of the team batting second, it is not possible for that team to have the opportunity of batting for the same number of overs as the team batting first, they will bat for a number of overs to be calculated as in 8.3.1.

8.3.4 The team batting second shall not bat for a greater number of overs than the first team unless the latter has been all out in less than the agreed number of overs. To constitute a match, a minimum of 20 overs have to be bowled to the team batting second, subject to a result not being achieved earlier.

8.4 Number of overs per bowler

No bowler shall bowl more than 10 overs in an innings. In a delayed or interrupted match where the overs are reduced for both teams or for the team bowling second, no bowler may bowl more than one-fifth of the total overs allowed.

Where the total overs are not divisible by five, one additional over shall be allowed to the maximum number per bowler necessary to make up the balance.

In the event of a bowler breaking down and being unable to complete an over, the remaining balls will be bowled by another bowler. Such part of an over will count as a full over only in so far as each bowler's limit is concerned. The scoreboard shall show the total number of overs bowled and the number of overs bowled by each bowler.

9. **LAW 15 – DECLARATION AND FORFEITURE**

First Class Playing Condition 15 shall be replaced by:

The Captain of the batting team may not declare their innings closed at any time during the course of the match.

10. LAW 16 – THE RESULT

- 10.1 A result can be achieved only if both teams have had the opportunity of batting for at least 20 overs unless one team has been all out in less than 20 overs or unless the team batting second scores enough runs to win in less than 20 overs.
- 10.2 All other matches in which one or both teams have not had an opportunity of batting for a minimum of 20 overs, shall be declared “no result” matches.
- 10.3 In a match in which both teams have had the opportunity of batting for the agreed number of overs (i.e. 50 overs each in an interrupted match, or a lesser number of overs in an interrupted match), the team scoring the higher number of runs shall be the winner.
- 10.4 If the scores are equal, the result shall be a tie and no account shall be taken of the number of wickets which have fallen.
- 10.5 If, due to suspension of play after the start of the match, the number of overs in the innings of either team has to be revised to a lesser number than originally allotted (minimum 20 overs unless the provisions of Ford Trophy Condition 10.1 applies, then a revised target score (to win) will be set for the number of overs which the team batting second will have the opportunity of facing – this revised target is calculated by the Duckworth-Lewis/Stern method (see Duckworth-Lewis/Stern Regulations - DLS).
- 10.6 At the interval between innings or whenever a revised target has been set, a printout of ‘par’ scores (the score for which if the match was abandoned the match would be tied) for the end of each over will be supplied (by the scorers) to both team’s dressing rooms and to the match umpires, and ground authority.
- 10.7 If a match is abandoned before it has been played to a conclusion and after the team batting second has received the minimum of 20 overs required to constitute a match (unless the provisions of Ford Trophy Condition 10.1 applies), then the result shall be decided by the DLS system.

11. LAW 21 – NO BALL

11.1 Free Hit

The delivery following a “no ball” called (all modes of “no ball”) shall be a free hit for whichever batter is facing it. If the delivery for the free hit is not a legitimate delivery (any kind of “no ball” or a “wide ball”) then the next delivery will become a free hit for whichever batter is facing it.

For any free hit, the striker can be dismissed only under the circumstances that apply for a “no ball”, even if the delivery for the free hit is called “wide ball”.

Neither field changes nor the exchange of individuals between fielding positions are permitted for free hit deliveries unless:

- (a) there is a change of striker; or

- (b) the “no ball” was the result of a fielding restriction breach in which case the field may be changed to the extent of correcting the breach.

For clarity, the bowler can change their mode of delivery for the free hit delivery. In such circumstances Law 21.1 shall apply.

The umpires will signal a “free hit” by (after the normal “no ball” signal) extending one arm straight upwards and moving it in a circular motion.

12. LAW 22 – WIDE BALL

12.1 Judging a Wide

12.1.1 If the bowler bowls a ball, not being a No ball, the umpire shall adjudge it a Wide if, according to the definition in clause 12.1.2:

12.1.1.1 the ball passes wide of where the striker is standing, or has stood at any point after the ball came into play for that delivery, and which also would have passed wide of the striker standing in a normal guard position.

12.1.1.2 the ball passes above the head height of the striker standing upright at the popping crease.

12.1.2 The ball will be considered as passing wide of the striker unless it is sufficiently within reach for the batter to be able to hit it with the bat by means of a normal cricket stroke.

12.1.3 Umpires are instructed to apply very strict and consistent interpretation regarding this clause in order to prevent negative bowling wide of the wicket.

13. LAW 24 FIELDER’S ABSENCE; SUBSTITUTES

13.1. Fielder absent or leaving the field

First Class Playing Condition 24.2 shall apply except that the maximum penalty time shall be 90 minutes rather than 120 minutes;

14. LAW 28 THE FIELDER

14.1 Field restrictions

14.1.1 At the instant of delivery, there may not be more than five fielders on the leg side.

14.1.2 In addition to the restriction contained in Ford Trophy Condition 14.1.1 above, further fielding restrictions shall apply to certain overs in each innings. The nature of such restrictions and the overs during which they shall apply are set out in the following paragraphs.

14.1.3 The following fielding restrictions shall apply:

Two semi-circles shall be drawn on the field of play. The semi-circles shall have as their centre the middle stump at either end of the pitch. The radius of each of the semi-circles shall be 30 yards (27.43 metres). The semi-circles shall be linked by two parallel straight lines drawn on the field. (Refer Appendix 1). The fielding restriction areas should be marked by continuous painted white lines or 'dots' at five yard (4.57 metres) intervals, each 'dot' to be covered by a white plastic or rubber (but not metal) disc measuring seven inches (18 cm) in diameter.

At the instant of delivery:

- (a) Powerplay 1: no more than two (2) fielders shall be permitted outside this fielding restriction area. In an innings of 50 overs, these are overs 1 to 10 inclusive.
- (b) Powerplay 2: no more than four (4) fielders shall be permitted outside this fielding restriction area. In an innings of 50 overs, these are overs 11 to 40 inclusive.
- (c) Powerplay 3: no more than five (5) fielders shall be permitted outside this fielding restriction area. In an innings of 50 overs, these are overs 41 to 50 inclusive.

14.1.4 In circumstances when the number of overs of the batting team is reduced, the number of overs within each phase of the innings shall be reduced in accordance with the table below. For the sake of clarity, it should be noted that the table shall apply to both the 1st and 2nd innings of the match.

Innings duration	Powerplay 1	Powerplay 2	Powerplay 3
20	4	12	4
21	4	13	4

48	10	29	9
49	10	29	10

14.1.5 If play is interrupted during an innings and the table in Ford Trophy Condition 14.1.4 applies, the Powerplay takes immediate effect. For the avoidance of doubt this applies even if the interruption has occurred mid-over.

Example:

A 50 over innings is interrupted after 8.3 overs and reduced to 32 overs. The new powerplays are 7+19+6. Therefore the middle powerplay fielding restrictions take immediate effect when play resumes and last for a further 17.3 overs. The final powerplay begins after 26 overs have been bowled.

A 40 over innings is interrupted after 18.5 overs and reduced to 22 overs. The new powerplays are 5+13+4. When play resumes, the final powerplay fielding restrictions apply for the remaining 3.1 overs.

14.1.6 At the commencement of the middle and final powerplays of an innings, the umpire shall signal such commencement to the scorers by rotating their arm in a large circle.

14.1.7 The scoreboard shall indicate the current Powerplay in progress.

14.1.8 In the event of an infringement of any of the above fielding restrictions, the square leg umpire shall call and signal “no ball”.

15. LAW 41 – UNFAIR PLAY

15.1 Time Wasting

In relation to Laws 41.9 and 41.10, umpires should fully take into account in limited over matches any deliberate slowing down of the time by either batsmen or fielders where it may be seen to be to the disadvantage of an opposition team e.g. in the case of a team fielding second slowing down the game knowing it might win a shortened match on run rate, or in the case of a team batting first slowing down the game to reduce the number of overs available to the team batting second.

16. LIMITATION OF OVERS FOR UNDER AGE PACE BOWLERS

- 16.1 All pace bowlers (defined as bowlers where the wicketkeeper would normally stand back) are subject to a limitation of overs allowed to be bowled per day. This rule is made in the interests of player safety and follows extensive research findings.
- 16.2 Coaches are asked to apply the rule strictly and not try to avoid it by bringing up the wicketkeeper artificially. Player safety must be placed as a higher priority than match results, and the NZC High Performance Unit suggests that fast bowlers bowl no more than three days in a row. This applies to U17 and U19 players.
- 16.3 In the event of any dispute the matter should be referred to NZC's GM High Performance whose ruling will be final.
- 16.4 The following rules shall apply:
- (a) If a player is aged under 17 as at 1 September 2022, they will be restricted to a bowling load of six overs in any one spell of one day cricket.
 - (b) If a player is aged under 19 as at 1 September 2022, they will be restricted to a bowling load of six overs in any spell of one day cricket.
 - (c) At the completion of a bowler's spell, the bowler may not bowl again until the equivalent number of overs, as the length of that spell are bowled, from the same end.
 - (d) In the event bad weather or light conditions cause a continuous suspension of play, upon resumption of play a bowler may commence a new spell providing the break from their previous bowling spell is of at least one hour duration.

17. SIGHTSCREENS

These shall be black and be placed outside the agreed boundary.

18. SCOREBOARD

Provision will be made for the scoreboard to show the total number of overs bowled and the number of overs bowled by individual bowlers. Provision will also be made to show the progressive Duckworth Lewis Stern par score in all matches.

19. COLOURED CLOTHING AND EQUIPMENT

Pads, and players and umpires clothing shall be coloured.

MEN'S SUPER SMASH

Except as modified hereunder, the First Class Playing Conditions and Ford Trophy Playing Conditions for cricket in New Zealand shall apply in all Men's Super Smash ("Men's SS") matches.

1. THE COMPETITION

The Men's SS competition will comprise a series of ten rounds of matches. At the end of the ten rounds the top placed team will proceed directly to the Grand Final.

The teams finishing second and third will play in an Elimination final with the winner proceeding to the Grand Final. There is no reserve day scheduled for the Grand Final.

1.1 Elimination Final

In the event of no result or a tie (on DLS only) being achieved in the Elimination Final, the team which was placed in the higher position after the series of 10 matches will be deemed the winner of that match.

1.2 Grand Final

The team which wins the Grand Final shall be the winner of the competition. In the event of neither team winning the Grand Final (including a tie by DLS), the team finishing higher after the series of 10 rounds will be declared the winner.

2. POINTS

2.1 Match Result

Points shall be scored in Men's SS matches as follows:

Win	4 points
Loss	0 points
No result or tie (including due to weather by DLS)	2 points each

2.2 Competition Placing

In the event of teams finishing on equal points, the right to play in the finals will be determined as follows:

The team with the highest net run rate.

A team's net run rate is calculated by deducting from the average runs per over scored by that team through the competition the average runs per over scored against that

team throughout the competition *i.e. calculation of net run rate = team run rate per over less opponent run rate per over.*

In the event of a team being all out in less than its full quota of overs, the calculation of its net run rate shall be based on the full quota of overs to which it would have been entitled and not on the number of overs in which the team was dismissed.

3. LAW 4 – THE BALL

Ford Trophy Playing Condition 4 shall apply however only one new ball shall be used at the start of each innings.

4. LAW 11: INTERVALS

4.1 Interval between innings

There shall be a 10 minute interval between innings.

4.2 Interval for drinks

No drinks intervals are permitted.

5. LAW 12: START OF PLAY; CESSATION OF PLAY

5.1 Hours of Play

The scheduled starting time shall be as set out in the schedule provided by NZC. The scheduled starting time may be altered by NZC provided notice is provided to the participating teams.

In those matches where the start of the play is not delayed or play is not interrupted then:

1 hour 30 minutes	Session 1
10 minutes	Interval
1 hour 30 minutes	Session 2

5.2 Over Rates

5.2.1 Teams are expected to complete their 20 overs within one hour and thirty minutes playing time. In the event of a team failing to do so, the full quota of overs will be completed. This will apply to both innings of the match.

5.2.2 If the innings is terminated before the scheduled or rescheduled cut off time, no over rate penalty shall apply. If the innings is interrupted, the over rate penalty will apply based on the rescheduled cessation time for that innings.

5.2.3 The umpires shall inform the fielding team Captain when taking the field for the first time and on every subsequent occasion if play is interrupted by the weather, the rescheduled cessation time for that innings.

5.2.4 In consultation with the Match Referee, the umpires will record and inform the fielding Captain of any time allowances as and when they arise, and the official scorers at the end of the innings. In the event that an official TV umpire is appointed by NZC, the calculation of over rates shall be undertaken by the TV umpire. This matter will not be subject to retrospective negotiation.

5.3 Time Allowances

For the purposes of determining penalties, the umpires, in consultation with the Match Referee, shall take the following allowances into account:

- (a) Actual time where treatment by authorised medical personnel is required on the ground, and also for any injured players leaving the field due to serious injury.
- (b) Interruptions caused by weather (including drying the ball) or light or other unforeseen delays beyond the reasonable control of the fielding team e.g. ball recovery from outside of the ground.
- (c) Time for third umpire referrals and sightscreen changes, if any.
- (d) Time wasting by the batting team.

In the event of any allowance being granted to the fielding team under (d) above (time wasting by batting team) then such time shall be deducted from the allowance granted to the batting team in the determination of its over rate.

In addition to the allowances as provided for above:

- (e) In the case of an innings that has been reduced due to any delay or interruption in play, an additional allowance of 1 minute for every full 3 overs by which the innings is reduced will be granted;
- (f) An additional allowance of 1 minute will be given for each of the 6th, 7th, 8th and 9th wickets taken during an innings.

If a team is bowled out within the time determined for that innings pursuant to these Playing Conditions (taking into account all of the time allowances set out above), the fielding team will be deemed to have complied with the required minimum over rate.

5.4 Over-Rate Penalties

5.4.1 The fielding side is expected to complete their 20 overs within one hour and thirty minutes playing time (or re-scheduled) cessation time for the innings (calculated in accordance with clause 6.2, 6.3 & 6.4). In delayed or interrupted matches where there has been a reduction of overs to less than 20 overs pursuant to clause 6.3 or 6.4, the fielding side is expected to complete the penultimate over of the innings by the scheduled (or re-scheduled) cessation time for the innings.

5.4.2 Where this requirement is not met, clause 9.2.3 shall be varied and from the start of the next over after the point in time at which the cessation time is reached (and for

the remainder of the innings) no more than 4 fielders shall be permitted outside the fielding restriction area referred to in clause 9.2.2.

5.4.3 Clause 5.4.2 shall not apply where:

5.4.3.1 a side's innings is reduced to less than 10 overs, unless the over-rate penalty has been applied prior to such reduction; or

5.4.3.2 a side's innings is completed prior to the scheduled (or re-scheduled) cessation time for the innings.

5.4.4 The bowler's end umpire shall inform the captain of the fielding side, the batter and the other umpire of:

5.4.4.1 the scheduled cessation time for the innings prior to the start of the innings, and of any rescheduled cessation time following any subsequent interruption to play; and

5.4.4.2 any time allowances pursuant to clause 5.3 as and when they arise.

5.4.5 Over-rate penalties pursuant to clause 5.4 shall be applied in addition to the relevant provisions under the NZC Code of Conduct

5.5 If a team does not complete the required overs by the relevant time, a charge will be brought against the captain of the fielding team under the NZC Code of Conduct. NZC also reserves the right (depending on the seriousness and context of the breach) to bring a charge against any members of the fielding team under the NZC Code of Conduct.

6. LAW 13: INNINGS

6.1 Duration

A match will consist of one innings per team and each innings will be limited to 20 overs. A minimum of 5 overs per team will constitute a match. Note: No reserve day is allocated for any matches.

6.2 Length of innings

In an uninterrupted match (i.e. matches which are neither delayed nor interrupted) each team will bat for 20 overs unless all out in less than 20 overs.

If the team fielding first fails to bowl the required number of overs by the scheduled time for the cessation of the first innings, play shall continue until the required number of overs have been bowled. In these circumstances Men's SS Conditions 5.3 and 5.4 shall apply.

If the team batting first is dismissed in less than 20 overs, the team batting second shall be entitled to bat for 20 overs.

If the team fielding second fails to bowl 20 overs by the scheduled cessation time of the second innings, the hours of play shall be extended (subject to ground weather and light conditions) until the required number of overs has been bowled or a result achieved. In these circumstances Men's SS Conditions 5.3 and 5.4 shall apply.

6.3 Delay or interruptions to the innings of the team batting first:

6.3.1 When playing time has been lost the revised number of further overs to be bowled in the match shall be based on a rate of 13.33 overs per hour (4.5 minutes per over) in the total time remaining for play. The umpires will calculate the length of the remaining playing time available for the match and will take into account the interval between innings.

Should calculations regarding number of overs result in a fraction of an over, the fraction shall be ignored.

In the event of a suspension occurring in the middle of an over, the number of total overs to be bowled in the match will be calculated as if the over in progress at the time of the interruption had been completed. The innings of the team batting first will continue from the point of the interruption.

The revision of the number of overs should ensure that both teams have the opportunity to bat for the same number of overs. If the revised number of overs calculated results in an odd number of total overs in the match, then one over shall be added and the result divided in half.

6.3.2 The team batting second shall not bat for a greater number of overs than the team batting first unless the latter completed its innings in less than its allocated overs. To constitute a match, a minimum of 5 overs has to be bowled to the team batting second, subject to a result not being achieved earlier. A fixed time will be specified for the commencement of the interval, and also the close of play for the match, by applying a rate of 4.5 minutes per over in respect of each over already bowled and/or scheduled to be bowled in each innings. All relevant delays, interruptions in play and the duration of the interval will be taken into account. If this calculation produces a close of play time that is earlier than the original time for cessation of play, then one additional over will be allocated to each team, with the interval and close of play times being recalculated accordingly. If there is more than one interruption to the innings of the team batting first, the above calculations should always be based on the original scheduled close of play, rather than the rescheduled close resulting from the previous interruption.

6.3.3 If the team fielding first fails to bowl the revised number of overs by the specified time, play shall continue, subject to conditions of ground, weather and light, until the required number of overs have been bowled or the innings is completed and Men's SS Conditions 5.3 and 5.4 shall apply. In all reduced

overs matches both teams will be given one over leeway in addition to any time that the umpires might allow for stoppages. Allowances prior to a stoppage are carried forward for the purposes of application of Men's SS Conditions 5.3 and 5.4 only – they do not influence the recalculated number of overs or the scheduled close of either innings.

6.4 Delay or interruptions to the innings of the team batting second:

6.4.1 When playing time has been lost and, as a result, it is not possible for the team batting second to have the opportunity of receiving its allocated, or revised allocation of overs in the playing time available, the number of overs shall be reduced at a rate of 4.5 minutes per over in respect of the aggregated lost playing time. However, should the innings of the team batting first have been completed prior to the scheduled, or rescheduled time for the commencement of the interval, then any calculation related to the revision of overs shall not be effective until an amount of time, equivalent to that by which the second innings started early, has elapsed. Should the calculations result in a fraction of an over the fraction shall be ignored. In the event of a suspension occurring in the middle of an over, the number of total overs lost will be calculated as above and the innings of the team batting second will continue from the point of the interruption.

6.4.2 A rescheduled time for the close of play will be fixed by applying a rate of 4.5 minutes per over in respect of each over already bowled and/or rescheduled to be bowled in the innings. The timing and duration of all relative delays and interruptions in play with respect to the second innings will be taken into account in specifying this time. This calculation must not cause the match to finish earlier than the original time for cessation of play. If required, the original time may be extended to allow for one extra over for the team batting second.

To constitute a match, a minimum of five overs has to be bowled to the team batting second subject to a result not being achieved earlier.

The team batting second shall not bat for a greater number of overs than the first team unless the first team completed its innings in less than is allocated overs.

Note: The scorers shall be responsible for performing any DLS calculations. After any hold up in play, the umpires will notify the scorers of the number of overs lost and they will perform any DLS calculations required. The umpires will satisfy themselves as to the correctness of all such calculations before allowing play to take place. The umpires will be responsible for notifying both captains and the match manager of the target score and the available overs.

6.5 Number of overs per bowler

No bowler may bowl more than four overs, however in a delayed start or interrupted match, where the overs are reduced for both teams or for the team bowling second, no bowler may bowl more than one-fifth of the total overs allowed (unless such a number has been exceeded before the interruption), except that where the total overs are not divisible by five, an additional over shall be allowed to the minimum number of bowlers necessary to make up the balance e.g. after 8 overs, rain interrupts play and the innings is reduced to 12 overs. Both opening bowlers have already bowled 4 overs. Two bowlers can bowl 3 overs and three bowlers can bowl 2. Bowlers 1 and 2 have already exceeded this limit. They count as the two bowlers who were allowed the extra over (3 as opposed to 2) and so any other bowlers are limited to 2 overs.

When an interruption occurs mid-over and, on resumption, the bowler has exceeded the new maximum allocation, he will be allowed to finish the uncompleted over.

In the event of a bowler breaking down and being unable to complete an over, the remaining balls will be bowled by another bowler. Such part of an over will count as a full over in so far as each bowler's limit is concerned.

The number of overs bowled by each individual bowler shall be indicated on the scoreboard from the commencement of the innings.

7. **LAW 16 – THE RESULT**

7.1 When there is no interruption after play has commenced and when both sides have had the opportunity of batting for the same agreed number of overs, the team scoring the higher number of runs shall be the winner.

7.2 If, due to suspension of play after the start of the match, the number of overs in the innings of either team has to be revised to a lesser number than that originally allotted (minimum five overs), then a revised target score should be set for the number of overs which the team batting second will have the opportunity of facing; this revised target being calculated by the DLS method.

7.3 If a match is abandoned before it has been played to a conclusion and before the team batting second has received its allocated number of overs (providing it has received not less than five overs), the result shall be decided by the DLS method.

7.4 In the event of a tie, including a tie when the DLS method has been used, the following shall apply:

7.4.1 in all matches other than the Elimination Final or the Grand Final, each team shall be awarded two (2) points for a tie, irrespective of the number of wickets lost;

7.4.2 in the Elimination Final or the Grand Final, a Super Over shall apply to achieve a result. The procedure for a Super Over is set out below at Men's SS Condition 7.5.

7.5 Super Over Procedure

The following procedure will apply should the provision for a Super Over be required in any match.

- 7.5.1 Subject to weather conditions the Super Over will take place on the scheduled day of the match at a time to be determined by the match referee/umpires. In normal circumstances it shall commence 10 minutes after the conclusion of the match. For the avoidance of doubt, the Super Over may take place after the scheduled time plus extra time has elapsed.
- 7.5.2 The Super Over will take place on the pitch allocated for the match (the designated pitch) unless otherwise determined by the umpires in consultation with the ground authority and referee if appointed.
- 7.5.3 The umpires shall stand at the same end as that in which they finished the match.
- 7.5.4 In both innings of the Super Over, the fielding team shall choose from which end to bowl.
- 7.5.5 Only nominated players in the main match may participate in the Super Over. Should any player (including the batsmen and bowler) be unable to continue to participate in the Super Over due to injury, illness or other wholly acceptable reasons, the relevant Laws and Playing Conditions as they apply in the main match, shall also apply in the Super Over.
- 7.5.6 Any penalty time being served in the main match shall be carried forward to the Super Over.
- 7.5.7 Each team's over is played with the same fielding restrictions as those that are in place for the last over of a normal match.
- 7.5.8 The team batting second in the match will bat first in the Super Over.
- 7.5.9 The fielding Captain or their nominee shall select the ball with which the player wishes to bowl their over in the Super Over from the box of spare balls provided by the umpires. Such box to include the balls used in the main match, but no new balls. The team fielding first in the Super Over shall have first choice of ball. The team fielding second may choose to use the same ball as chosen by the team bowling first. If the ball needs to be changed, then Playing Conditions as stated for the main match shall apply.
- 7.5.10 The loss of two (2) wickets in the over ends the team's one over innings.
- 7.5.11 If the Super Over is a tie, then subsequent Super Overs shall be played until there is a winner. There shall be an unlimited amount of Super Overs played to achieve the result. The following conditions will apply to the subsequent Super Overs
- 7.5.12 In normal circumstances any subsequent Super Overs will start 5 minutes after the preceding Super Over. The interval shall be 5 minutes.

7.5.13 The team batting second in the preceding over will bat first in the following Super Over.

7.5.14 The same ball will be used for subsequent Super Overs, unless umpires believe it needs to be changed for any reason. If the ball needs to be changed, then Playing Conditions as stated for the main match shall apply.

7.5.15 Where the Super Over or subsequent Super Overs are abandoned for any reason prior to completion, then the Team which finished higher on the points table at the end of regular season pool play shall be declared the winner.

7.5.16 In the circumstances where NZC has unavoidable time restraints, it shall limit the number of possible Super Overs and advise the teams either pre-match, or prior to the final Super Over.

8. LAW 24 FIELDER'S ABSENCE; SUBSTITUTES

19-20	6

9.2.5 If an innings is interrupted during an over, and if, on the resumption of play, due to the reduced number of overs of the batting team, the required number of Powerplay overs has already been bowled, the remaining deliveries in the over to be completed shall not be subject to the fielding restrictions.

In the event of an infringement of any of the above fielding restrictions, the umpire shall call and signal “no ball”.

HALLYBURTON JOHNSTONE SHIELD

Except as modified hereunder the First Class Playing Conditions and Ford Trophy Playing Conditions shall apply in all matches.

1. THE COMPETITION

- 1.1 The Hallyburton Johnstone Shield (“HBJ Shield”) competition will comprise a series of 10 rounds of one day matches between the six competing teams playing each other, followed by a Grand Final.

On completion of the series of 10 rounds all teams will be placed from one to six according to the points obtained and the top two placed teams will proceed directly to the Grand Final. In the event of teams finishing on equal points, the top two placed teams will be determined as follows:

The team with the highest net run rate.

A team’s net run rate is calculated by deducting from the average runs per over scored by that team through the competition the average runs per over scored against that team throughout the competition *i.e. calculation of net run rate = team run rate per over less opponent run rate per over.*

In the event of a team being all out in less than its full quota of overs, the calculation of its net run rate shall be based on the full quota of overs to which it would have been entitled and not on the number of overs in which the team was dismissed.

- 1.2 There shall be no Elimination Final, therefore any reference to these in the Ford Trophy Playing Conditions shall not apply to the HBJ Shield.

1.3 Grand Final

The Grand Final will be played at the home ground of the first placed team after the series of 10 matches.

The team which wins the Grand Final shall be the winner of the competition. In the event of a no-result or a tie, the winner shall be the first placed team after the series of 10 matches.

2. POINTS

As per Ford Trophy Condition 2.

3. LAW 4 - THE BALL

Ford Trophy Condition 4 shall apply however white Kookaburra Turf balls (142 grams) shall be used.

3. LAW 11 - INTERVALS

3.1 Variations for delayed start

Where the start of play is delayed, or play is interrupted and the total playing time is reduced to less than six hours, and with prior consent from both team captains and the Match Manager, the umpires will vary the length of the break between innings as follows:

Time Lost	Interval between innings
Up to 80 minutes	40 minutes
Between 81 & 140 minutes	35 minutes
Between 141 & 170 minutes	30 minutes
Between 171 & 200 minutes	20 minutes
More than 200 minutes	10 minutes

3.2 Drinks Breaks

Two drinks breaks per session shall be permitted, each 65 minutes apart. The provision of Law 11.8 shall be strictly observed except that under conditions of extreme heat the umpires may permit extra intervals for drinks. An individual player may be given a drink either on the boundary edge or at the fall of a wicket, on the field, provided that no playing time is wasted. No other drinks shall be taken onto the field without the permission of the umpires. Any player taking drinks onto the field shall be dressed in proper cricket attire.

4. LAW 12 - START OF PLAY; CESSATION OF PLAY

4.1. Hours of play

Ford Trophy Condition 7.1 shall not apply and shall be replaced by the following:

In those matches where the start of play is not delayed, or play is not interrupted then the hours of play shall be:

10.30am – 1.40pm	Session 1
1.40pm – 2.25pm	Interval 3.1 above
2.25pm – 5.35pm	Session 2

In extraordinary circumstances the start of a match may be brought forward to 10.00am with the prior mutual consent of both team captains, umpires, and the Match Manager, in which case all times stated shall be brought forward by 30 minutes.

In extraordinary circumstances the start of a match may be delayed up to 12 noon with the mutual consent of both team captains, umpires and the Match Manager, in which case all times stated shall be put back by the amount of time by which the start is delayed.

4.2 Making up Lost Time

When a match is delayed or interruptions in play occur, the umpires have the option to provide for extra time to extend the timing for the cessation of play up to a maximum of 45 minutes. For calculation purposes the latest finish time will be applied based on the scheduled start time of the match as set down in the below examples.

Examples:

Scheduled start 10.30am

Latest finish 6.20pm

Scheduled start 12.00pm

Latest finish 7.50pm

Note: Any extra time applied should not negatively impact a team's post-match travel schedule.

5. LAW 13 – INNINGS

5.1 Length of innings

In matches where the start is delayed or where play is suspended, the Ford Trophy Condition 8.3.1 applies except the average rate of 14.28 overs per hour is to be replaced by the average rate of 15.79 overs per hour.

6. LAW 19 – BOUNDARIES

Law 19 shall apply subject to the following:

- (a) No boundary shall exceed 65 meters from the center of the pitch; and
- (b) No boundary should be less than 55 meters from the center of the pitch.

Ford Trophy Condition 14.1 shall be replaced by the following:

7.1. Field Restrictions

7.1.1 At the instant of delivery, there may not be more than 5 fielders on the leg side.

7.1.2 In addition to the restriction above, further fielding restrictions shall apply to certain overs in each innings. The nature of such fielding restrictions and the overs during which they shall apply are set out in the following paragraphs.

7.1.3 The following fielding restrictions shall apply:

Two semi-circles shall be drawn on the field of play. The semi-circles shall

have as their centre the middle stump at either end of the pitch. The radius of each of the semi-circles shall be 25.15 yards (23 metres). The semi-circles shall be linked by two parallel straight lines drawn on the field (refer Appendix 1 below). The fielding restriction areas should be marked by continuous painted white lines or 'dots' at 5 yard (4.57 metres) intervals each 'dot' to be covered by a plastic or rubber (but not metal) disc, measuring 7 inches (18cm) in diameter.

7.1.4 Subject to the provisions below, the Powerplay Overs shall apply for 10 overs per innings to be taken as follows:

(a) Powerplay 1 - (block of 10 overs for an uninterrupted match) no more than two (2) fielders shall be permitted outside this fielding restriction area. In an innings of 50 overs, these are overs 1 to 10 inclusive.

7.1.5 During non Powerplay overs, no more than four (4) fielders shall be permitted outside this fielding restriction area.

7.1.6 In circumstances when the number of overs of the batting team is reduced, the number of overs within each phase of the innings shall be reduced in accordance with the table below. For the sake of clarity, it should be noted that the table shall apply to both the 1st and 2nd innings of the match.

Innings Duration	Powerplay 1
20-22	4
23-27	5
28-32	6
33-37	7
38-42	8
43-47	9
48-49	10

7.1.7 Each block of Powerplay Overs must commence at the start of an over.

Illustrations:

(a) If following an interruption, on resumption the total number of Powerplay 1 Overs for the innings has already been exceeded, then there will be no further Powerplay deliveries bowled in the innings.

Note: that this is the only circumstance under which the Powerplay status can be changed during an over. A 50 over innings is interrupted after 8.3 overs, and on resumption has been reduced to 28 overs. Powerplay 1 overs are 6 and have already been completed. Non-

Powerplay restrictions take effect immediately and do not need to wait until the end of the over.

7.1.8 The scoreboard shall indicate whenever Powerplay overs are being bowled, along with the number of overs remaining in the current block of Powerplay Overs.

7.1.9 In the event of an infringement of any of the above fielding restrictions, the square leg umpire shall call and signal "no ball".

8. CONCUSSION SUBSTITUTES

The following shall apply in addition to Law 1:

8.1 If the relevant Major Association Team Physio formally notifies the Match Manager of the diagnosis of a player with suspected concussion (Concussed Player), then a Concussion Substitute may be activated to take the place of the Concussed Player for the remainder of the match in accordance with this First Class Playing Condition 51.

10. LIMITATION OF OVERS FOR UNDER AGE PACE BOWLERS

10.1 All pace bowlers (defined as bowlers where the wicketkeeper would normally stand back) are subject to a limitation of overs allowed to be bowled per day. This rule is made in the interests of player safety and follows extensive research findings.

10.2 Coaches are asked to apply the rule strictly and not try to avoid it by bringing up the wicketkeeper artificially. Player safety must be placed as a higher priority than match results, and the NZC High Performance Unit suggests that fast bowlers bowl no more than three days in a row. This applies to U17 and U19 players.

10.3 In the event of any dispute the matter should be referred to NZC's GM High Performance whose ruling will be final.

- 7.2 The six finalists will each play five round robin matches. The team with the most points after the completion of the round robin matches will be deemed the winner.
- 7.3 If no play is possible during round robin play, the tournament will be abandoned and no award will be made.
- 7.4 A result can be achieved only if both teams have had the opportunity of batting for at least 5 overs unless one team has been all out in less than 5 overs or unless the team batting second scores enough runs to win in less than 5 overs.
- 7.5 In the event of a tie, the Super Over procedure (as set out in the Men’s SS Playing Conditions) will apply to achieve a result. If due to weather interruption the Super Over cannot be carried out a bowl out will apply. See Condition 8 below for bowl out procedure.
- 7.6 If a match is abandoned before it has been played to a conclusion and after the team batting second has received the minimum of 5 overs required to constitute a match then the result shall be decided by the current version of the Duckworth-Lewis-Stern system.
- 7.7 If rain interrupts and prevents each team from completing a minimum of five overs, the match will be called a “no result” and both teams receive a minimum one point.

7.8 In the event of teams finishing on equal points the tournament placings will be determined as follows:

- (i) The team with the most number of wins
- (ii) The team with the highest Net Run Rate per over

8. BOWL OUT

8.1 Five bowlers from each team will, alternately, each bowl one delivery at the stumps in the normal manner. This may be done on any grass or hard surface, indoors or outdoors.

8.2 The team with the highest number of hits will be deemed to be the winner.

8.3 In the event of a tie, a further five bowlers will each bowl one delivery.

8.4 If the scores are still tied, the above process will be repeated using the same groupings and until such time as a winner is found.

8.5 If a bowler bowls a “no ball” it will count as their delivery but will not count towards the score of the team.

9. NO BALL

Refer to Ford Trophy Conditions for free hit following a no-ball.

10. WIDE BOWLING

Refer to Ford Trophy Conditions.

11. DANGEROUS AND UNFAIR BOWLING

Refer to Ford Trophy Conditions.

12. CLOTHING

In all matches, teams will wear coloured shirts which have been approved by New Zealand Cricket. Teams have the option to wear white trousers or a full coloured uniform. Where possible it is requested that playing tops have large unique numbers on the back as these numbers are submitted with the team list when submitted to the umpires at the toss.

Junior Secondary School Boys' Finals Playing Conditions

The MCC Laws of Cricket (2017 Code 3rd Edition 2022) shall apply except as follows:

1. THE COMPETITION

The competition shall be open to every male student in New Zealand attending the participating secondary school on a full-time basis and who is a Year nine student for the first three months of the competition (Oct-Dec) and a Year nine or ten student for the second three months of the competition (Jan-Mar).

The tournament will consist of a full round robin format of 40 over cricket. The teams will consist of the preliminary round regional winners from each Major Association.

2. NOMINATION OF PLAYERS

Teams may have a squad of twelve players who will participate in the tournament. Additional players can be included in the squad and participate as fielding cover only. If a player suffers an injury which prevents further participation during the tournament they may be replaced (in the playing twelve) by an additional player for the remaining games of the tournament. The injured player cannot play any further part in the tournament once they have been replaced. All injury replacements need to be approved by the Tournament Manager. All costs for additional players will be the school's responsibility.

For each match, teams may be composed of twelve players (as stated above).

- (a) Prior to the toss for each match, team captains must provide opposing captains and the umpires a list of their Batting XI and the Fielding XI.
- (b) The player left out of the Fielding XI will act as 12th for the fielding portions of the match. (i.e. the player may bat in the Batting XI but may not bowl).
- (c) The wicketkeeper cannot be designated as the non-bowler.
- (d) There will be no restrictions on the amount of time a player is required to be back on the field before they are allowed to bowl again or bat during their team's innings.

3. THE BALL

Four-piece, White Kookaburra Senator 156gm balls will be used for the competition.

4. HOURS OF PLAY AND INTERVALS:

- (a) The normal session times shall be the following:

10.00am – 12.40pm	Session 1
12.40pm – 1.10pm	Interval
1.10pm – 3.50pm	Session 2

Close of play for calculation purposes will be 5.00pm.

- (b) In the event play is delayed or interrupted the interval may be reduced by mutual agreement between the umpires and the Tournament Manager but shall be not less than 10 minutes.
- (c) Any variation to the normal hours of play for the Finals Tournament shall be the responsibility of the Tournament Manager who shall notify each competing team before the commencement of the tournament. Where the commencement of play has been delayed by weather or ground conditions, the Tournament Manager shall notify all competing teams before the commencement of the day's play.
- (d) The Tournament Manager may direct a change of venue because of weather or ground conditions. This includes the use of all-weather pitches of suitable quality only when grass pitches are not available.

5. NUMBER OF OVERS PER BOWLER

- (a) No bowler shall bowl more than eight six-ball overs in an innings. In a match where the start is delayed and the innings of both teams is restricted from the start to less than 32 overs, or in a match where play is interrupted and the overs are reduced for both teams or for the team bowling second, no bowler may bowl for more than one-fifth of the total overs allowed except where the total overs is not divisible by five. Where this occurs one additional over shall be allowed to a minimum number of bowlers.
- (b) In the event of a bowler breaking down and not being able to complete an over the remaining balls must be bowled by another bowler. A part of an over will count as a full over only in so far as each bowler's limit is concerned.

6. LIMITATIONS OF OVERS FOR PACE BOWLERS

- 6.1 All pace bowlers (defined as non-spin bowlers) are subject to a limitation of overs allowed to be bowled per spell. This rule is made in the interests of player safety and follows extensive research findings.
- 6.2 Coaches are asked to apply the rule. Player safety must be placed as a higher priority than match results.
- 6.3 In the event of any dispute at the tournament, the matter should be referred to the NZC Tournament Manager whose ruling will be final.
- 6.4 A non-spin bowler will be restricted to a bowling load of six overs in any one spell in this competition. Changing of ends mid-spell does not warrant end of spell.
- 6.5 The following rule apply:
 - (i) At the completion of a bowler's spell, the bowler may not bowl again until the equivalent number of overs of the length of that spell, are bowled from the same end.

- (ii) In the event bad weather or light conditions cause a continuous suspension of play, upon resumption of play a bowler may commence a new spell providing the break from their previous bowling spell is of at least one hour duration.
- (iii) In the event of a bowler inadvertently exceeding the number of overs permitted, any extra balls bowled will be deemed legal deliveries and whatever eventuates, if anything, as a result of these deliveries, the position will stand. Upon notification of this irregularity, the offending bowler will be immediately replaced and the over completed by another bowler.
- (iv) Any part over completed will count as a full over only in so far as each bowler's limit is concerned.

7. POINTS/TOURNAMENT PLACING

7.1 Points shall be awarded as follows:

Win	2 points
No result	1 point
Loss	0 points

7.2 The six finalists will each play five round robin matches. The team with the most points after the completion of the round robin matches will be deemed the winner.

7.3 If no play is possible during round robin play, the tournament will be abandoned and no award will be made.

7.4 In the event of a tie, the Super Over procedure (as referred to in Super Smash Playing Condition 7.5) will apply to achieve a result. If, due to weather interruption, the Super Over cannot be carried out a "bowl out" will apply. See below the bowl out procedure.

7.5 If rain interrupts and prevents each team from completing a minimum of 20 overs, the match will be called a "no result" and both teams receive one point.

7.6 If rain interrupts a game where both teams have completed the minimum of 20 overs and the scores are tied, the team with the higher run rate per over for that match will be deemed the winner.

7.7 To calculate the target score for Team Two in a weather affected match the target will be the average run rate per over of Team One multiplied by the number of overs available to Team Two plus one run.

7.8 If a match is abandoned when Team Two has batted for 20 overs or more the target score to determine a winner will be number of whole overs completed multiplied by average run rate of Team One plus one run.

7.9 In the event of teams finishing on equal points, the tournament placings will be determined as follows:

- (i) The team with the most number of wins
- (ii) The team with the highest Net Run Rate per over

8. BOWL OUT

- 8.1 Five bowlers from each team will, alternately, each bowl one delivery at the stumps in the normal manner. This may be done on any grass or hard surface, indoors or outdoors.
- 8.2 The team with the highest number of hits will be deemed to be the winner.
- 8.3 In the event of a tie, a further five bowlers will each bowl one delivery.
- 8.4 If the scores are still tied, the above process will be repeated using the same groupings and until such time as a winner is found.
- 8.5 If a bowler bowls a “no ball” it will count as their delivery but will not count towards the score of the team.

9. NO BALL

Refer to Ford Trophy Condition 11.1, for free hit following a no-ball.

10. WIDE BOWLING

Any off-side or leg-side delivery which in the opinion of the umpire does not give the batter a reasonable opportunity to score shall be called “wide”. As a guide on the leg side, a ball landing clearly outside the leg stump going further away shall be called “wide”. As a guide on the off-side, a ball will be considered as passing wide of the striker unless it is sufficiently within reach for the batter to be able to hit it with the bat by means of a normal cricket stroke.

11. CLOTHING

In all matches, teams will wear coloured clothing which has been approved by NZC. Teams have the option to wear white trousers or a full coloured uniform. Where possible it is requested that playing tops have large numbers on the back as the numbers are submitted with the team list when submitted to the umpires at the toss.

APPENDIX 1 – Restriction on placement of fielders

APPENDIX 2

Application of the Duckworth-Lewis-Stern method for setting a fair target score in an interrupted limited-overs match

Duckworth-Lewis-Stern Match Manager

- (a) A person competent in the way the Duckworth-Lewis-Stern calculations should be performed should be appointed for each match. That person should be responsible for all Duckworth-Lewis-Stern calculations and for the communication of such information to the captain, umpires, scorers and Match Authority.
- (b) The current computerised version of the Duckworth-Lewis-Stern system should be used.

ELIGIBILITY

1. MEN'S AND WOMEN'S COMPETITIONS

- 1.1 No player shall be eligible to be contracted by or to play cricket for a Major Association unless the player is:
- a) a Player who is eligible to represent the BLACKCAPS or WHITE FERNS (as appropriate) under ICC Eligibility Regulations (“NZ Qualified Player”); or
 - b) an Overseas Player; or
 - c) a New Zealand Qualifying Player; or
 - d) a Player holding a Permanent Residency Visa
 - e) a Player who is eligible under NZC’s Resident Player regulations.
- 1.2 “Overseas Player” means a person who is not eligible to play for the BLACKCAPS or WHITE FERNS (as appropriate) and does not meet the New Zealand qualifying criteria.
- 1.3 “New Zealand Qualifying Player” is a player who:
- (a) has declared their intention, in writing to NZC, to become eligible to represent the BLACKCAPS or WHITEFERNS;
 - (b) is not currently eligible to be selected for the BLACKCAPS or WHITEFERNS (including where the sole reason is that the required information has not yet been submitted to the ICC) or available for selection for another country’s national team;
 - (c) has, immediately following their declaration played in New Zealand for three (3) consecutive seasons and/or resided in New Zealand for a continuous period of not less than 18 months; and
 - (d) continues to demonstrate their ongoing commitment to becoming eligible for the BLACKCAPS or WHITEFERNS to the satisfaction of NZC and the NZCPA.
- 1.4 A Player may apply to NZC to be deemed to be a Resident Player if they can demonstrate that they have had their primary and permanent home in New Zealand for the immediately preceding three years.

This requires that the Player can demonstrate a close, credible and established link with New Zealand. It does not require, however, that the Player demonstrates that they have legal resident status in New Zealand in accordance with New Zealand’s law.

Several factors will influence a Player’s satisfaction of this test including, without limitation, the time actually spent by the Player in New Zealand and the purposes of any absences during the relevant period, whether the Player works in New Zealand, whether the Player owns/rents a property and lives in that

property on a full-time basis in New Zealand, whether the Player can demonstrate any other permanent ties to New Zealand.

Short absences from New Zealand, for example, to travel to another country for holidays, attending ill family members or friends abroad, are unlikely to change the place/location of the Player's primary and permanent home and are, therefore, unlikely to interrupt a Player's period of Residence.

By way of a guideline, however, it is likely that, save in exceptional circumstances, as a minimum requirement, on aggregate, at least 10 months actual physical presence in the relevant country in each of the three years will be required to demonstrate that New Zealand is the place where the Player has their primary and permanent home.

A Player who is a Resident of New Zealand, will be deemed to be an "Eligible Player," only as far as NZC's Eligibility Criteria is concerned. This will not mean that the Player is eligible to play for any New Zealand team until the ICC Eligibility Criteria has been met.

- 1.5 In exceptional circumstances, NZC and the NZCPA may agree to consider an application by a player to be considered a New Zealand Qualifying Player without fulfilling the criteria set out in Rule 1.3. In such circumstances, the player must clearly demonstrate to the satisfaction of NZC and the NZCPA that they are committed to becoming eligible to play for the BLACKCAPS or WHITEFERNs and residing permanently in New Zealand.
- 1.6 For the purpose of the Rule 1.7 & 1.8 below, Overseas Players and New Zealand Qualifying Players shall be deemed to be "Ineligible Players".
- 1.7 For each Plunket Shield, Ford Trophy and Hallyburton Johnstone Shield competition match, each Major Association may select a maximum of two (2) New Zealand Qualifying Players in its final playing XI. For the avoidance of doubt, Major Associations are not entitled to select Overseas Players for a Plunket Shield, Ford Trophy or Hallyburton Johnstone Shield match.

Notwithstanding the foregoing, in certain exceptional circumstances, Major Associations may wish to contract and select an Overseas Player for a Plunket Shield, Ford Trophy or Hallyburton Johnstone Shield match. In such circumstances, the Major Association shall make a written request to NZC (providing a copy to the CPA) setting out the reasons they wish to select an Overseas Player.

- 1.8 For each Super Smash match, each Major Association may select a maximum of two (2) Overseas Players and/or a maximum of two (2) New Zealand Qualifying Players in its final playing XI, provided that the total number of Ineligible Players selected in any final playing XI may not exceed three (3) Ineligible Players.
- 1.9 It shall be the duty of a Major Association before contracting with, or selecting any Overseas Player above to comply with the following process:

- (a) the Major Association must make a request to NZC before signing any such player for any of the competitions;
 - (b) NZC shall consider the request in good faith in accordance with the following:
 - (i) Whether there are any players in the Major Association's local competitions or elsewhere in New Zealand (including the other Major Associations);
 - (ii) Whether contracting an Overseas Player is in the best interests of the Domestic Competition and/or the game of cricket in New Zealand;
 - (iii) The extent to which contracting the Overseas Player is consistent with the Major Association's player succession plan; and
 - (iv) The profile and experience of the Overseas Player (specifically the level and extent of any international experience).
 - (c) NZC shall not unreasonably withhold its consent to a Major Association contracting an Overseas Player and will inform the Major Association of its decision with seven (7) days of receiving a written request.
 - (d) The notification from NZC that there are no objections to signing the Overseas Player must be received by the Major Association before the player's "No Objections Certificate" (NOC) is signed.
 - (e) the Major Association can only announce the signing of the Overseas Player once it has received notification of "no objection" from NZC and NZC has received the player's fully signed NOC.
- 1.11 It shall be the duty of a Major Association before contracting with or selecting any player whose eligibility may otherwise be in question to submit the issue of such player's eligibility to NZC and the NZCPA for confirmation. NZC and the NZCPA may, on its own motion or otherwise, deal with and decide any question of the eligibility of any player upon such oral, documentary or other evidence as it thinks fit, and its decision may be announced by email or letter before, during or after any match in which the question of the player's status has been raised.
- 1.12 A player eligible to play for a Major Association under Rule 1.1(b), 1.1(c) and 1.1 (d) shall not be debarred from representing a District Association in the District Association Cup competition if eligible under those competition regulations.
- 1.13 No player shall represent more than one Major Association in the same season at First Class level (i.e. Plunket Shield, Ford Trophy and Men's Super Smash for male players and Hallyburton Johnstone Shield and Women's Super Smash for female players) without the express sanction of NZC and/or if otherwise provided for through a loan system between Major Associations.

2. WOMEN'S DOMESTIC COMPETITION – LOAN PLAYER SYSTEM

- (a) A player wishing to be loaned must approach their home Major Association coach requesting to be loaned.
- (b) An away Major Association approaches a potential loan player through the home Major Association coach.
- (c) A player is loaned by the home Major Association to the away Major Association for a specified period of time.
- (d) NZC must be informed in writing of any loan prior to the commencement of the loan and a loan form must be signed by home Major Association, away Major Association, the player and lodged with NZC prior to the player taking the field. In addition, an extension can be given upon further application to NZC that is supported by the home Major Association, the away Major Association and the player.
- (e) A home Major Association may play a maximum of two loan players in a Women's Domestic Competition match.
- (f) A player may be loaned to an away Major Association during a round of the HBJ Shield if injury occurs but a loan player cannot be called back to the home Major Association mid-round (i.e. between the HBJ matches).
- (g) A player may be loaned to more than one away Major Association in the season.
- (h) The loan only applies for the season in which it takes place.
- (i) A loan may be approved on the day e.g. a visiting team has 12 players and injuries occur on the morning of a match or during a match mid round. The away Major Association may request a loan from the home Major Association, but this would be subject to home Major Association, away Major Association, the player and NZC agreeing. Refer to clause (d). This process should take place by telephone prior to the match commencing.

3. OVERRIDING DISCRETION OF NZC

Notwithstanding the provisions of clauses 1 and 2 herein and for the avoidance of doubt, NZC shall have the power at any time to allow any player to be contracted with or selected by a Major Association, notwithstanding the fact that the player would not otherwise be eligible to be contracted by or to play cricket for such Major Association under clauses 1 and 2 above if NZC determines in its sole and absolute discretion that the selection or contracting of such player is in the best interest of NZC or the game of cricket.

4. DISTRICT ASSOCIATION HAWKE CUP CHALLENGE & ELIMINATION MATCHES

- 4.1 A player shall be eligible to play in a Challenge or Elimination match if the player is:
- 4.1.1 A New Zealand Qualified Player, an Overseas Player or a New Zealand Qualifying Player (as these are defined in Clause 1 above), and:
 - 4.1.2 Qualifies to play for a District Association through playing all their current seasons' club cricket in that district; or
 - 4.1.3 Has lived no less than 3 years in the District between the ages of 5 and 18 years.
- 4.2 No player shall represent more than one District Association in the same season without the express sanction of NZC in accordance with clause 7.
- 4.3 All Overseas Players and New Zealand Qualifying Players playing in Hawke Cup Challenges or Elimination matches must be declared to the opposition captain at the coin toss.
- 4.4 A District Association may play no more than one Overseas Player in a Hawke Cup Challenge or Elimination match, provided that such Overseas Player must have played or is playing all of their current season's club cricket in that district.
- 4.5 An Overseas Player may become exempt from clauses 4.3 and 4.4 and may be classified as a local player (for Hawke Cup Elimination and Challenge matches only) if they have played club cricket for the previous 3 seasons within the same district. An eligibility request for such a player is required from the District Association via the Major Association to New Zealand Cricket at any time following the completion of the Overseas Player's third season of cricket within the district.
- 4.8 For each Hawke Cup Challenge or Elimination Match, each District Association may select a maximum of one (1) Overseas Player and/or a maximum of two (2) New Zealand Qualifying Players in its final playing XI, provided that the total number of Ineligible Players (as this is defined in Clause 1 above) selected in any final playing XI may not exceed two (2) Ineligible Players.

5. LOAN PLAYERS

- 5.1 Each Hawke Cup Zone (the zones district) may implement a loan player scheme for Elimination Games only. No loan players to be eligible for Challenge matches. Each zone co-ordinator is required to be eligible for Challenge matches. Each zone co-ordinator is required to notify NZC via a Major Association of any loan player arrangements at least 10 working days

prior to the first game in that zone. Each Zone is to administer the loan player scheme in their zone.

6. DISPENSATIONS AND DISPUTES

- 6.1 Any request from a District Association for a dispensation from the above conditions must be lodged in writing in the first instance with the Districts' Major Association for support, before the Major Association will present on behalf of the District Association to New Zealand Cricket.
- 6.2 NZC shall have the power at any time to allow dispensation for any player to be contracted with or selected by a Districts Association, notwithstanding the fact that the player would not otherwise be eligible to be contracted by or play cricket for such an Association.
- 6.3 In any such situation NZC must determine the issue in its sole and absolute discretion and ensure the selection or contracting of such a player is in the best interests of NZC or the game of cricket, balancing the need to ensure a credible and fair Hawke Cup competition.
- 6.4 On any issue relating to eligibility, NZC (following written complaint by an interested association or, of its own motion) shall, in its sole and absolute discretion, investigate as it consider necessary and determine the position having regard to the criteria provided for in Clause 6.2.

7. OVERRIDING DISCRETION OF NZC

- 7.1 Notwithstanding the provisions of clause 4.1 and 4.2 herein and for the avoidance of doubt, NZC shall have the power at any time to allow any player to be contracted with or selected by a District Association, notwithstanding the fact that the player would not otherwise be eligible to be contracted by or to play cricket for such an Association under clause 1 above, if NZC determines in its sole and absolute discretion that the selection or contracting of such a player is in the best interest of NZC or the game of Cricket.

Cricket Field Guide

Selection

The selection of the pitch vests with the ground authority – that is the strip of turf (natural or artificial) where the match is to be held. The ground staff choose the particular strip to be used, considering the schedule of matches that are allocated to that ground.

Ground staff must cooperate with the Match Referees, umpires and captains to inspect the pitch at any time prior to the nomination of their players. The umpires take control from the toss.

Boundaries

	Men	Women
Maximum distance from the centre of the pitch	82 metres	65 metres
Minimum straight from the centre of the pitch	64 metres	55 metres
Minimum one side from the centre of the pitch	60 metres	55 metres
Minimum other side from the centre of the pitch	77 metres	55 metres
A white line or rope must mark the boundary, or flags on the outer edge of the line		

Sightscreens

Sightscreens must be placed outside the boundary. If this is not possible the ground must be marked in front of the sightscreen.

Covers

Before the match the whole pitch **MUST** be covered including the bowlers' run-ups.

After the Toss, as directed by the umpires, the whole pitch and square will be covered including the bowler's run-ups.

Field Maintenance

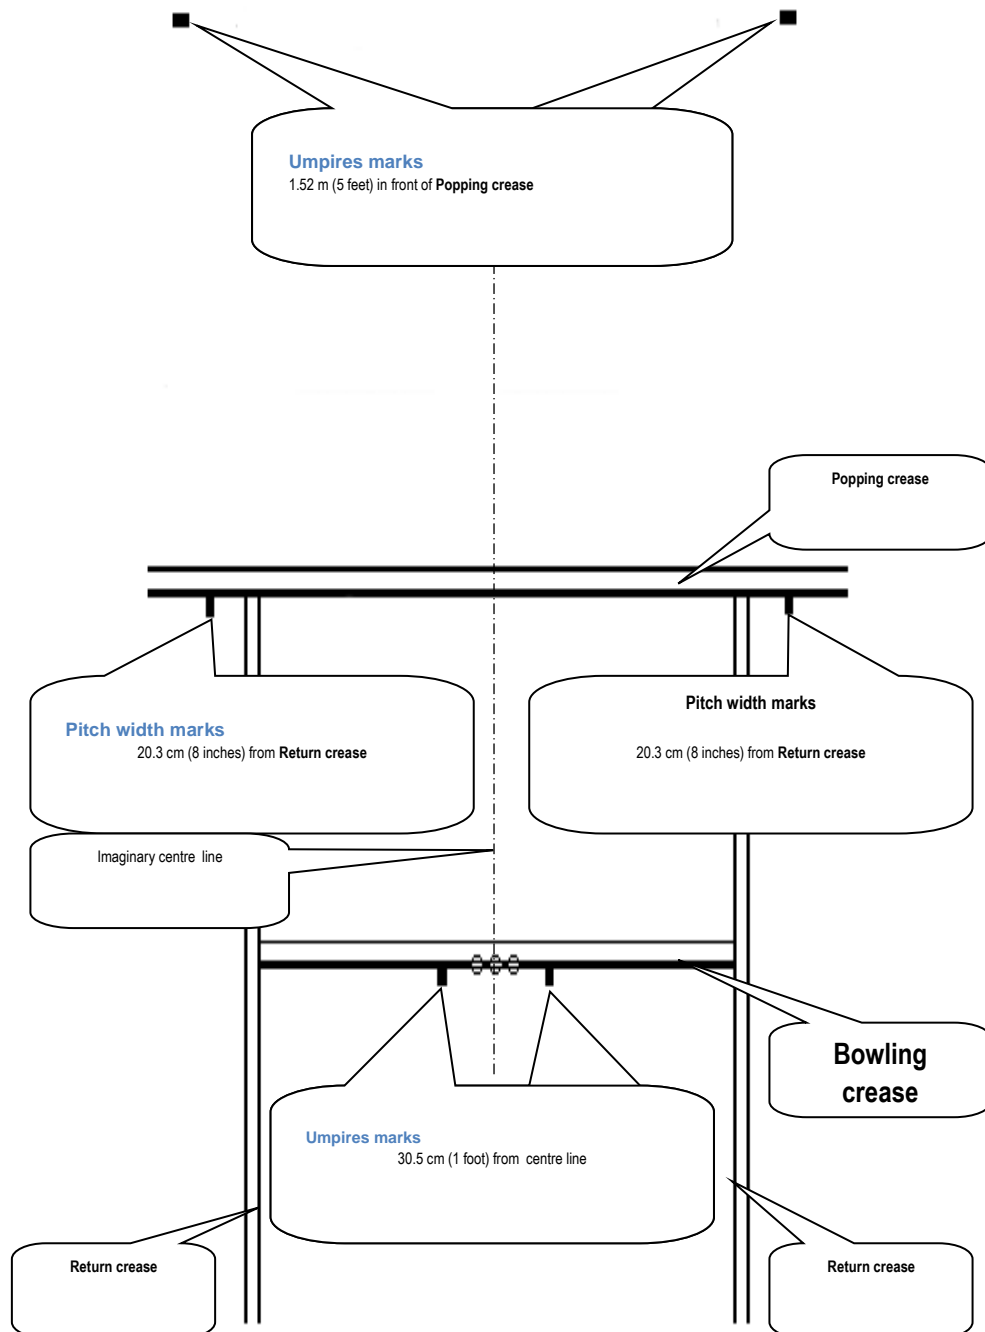

Weather permitting, the outfield should be mowed prior to each day's play. Watering the pitch during a match is absolutely prohibited.

The pitch must be swept to remove debris before rolling
